HAMLIN, JONES COUNTY, TEXAS, FRIDAY, OCTOBER 11, 1946

NUMBER 49

Jury Fails to Agree Over Negro Case

LEE SMITH CLAIMS SELF DEFENSE IN SEPTEMBER 4 KILLING OF DANSBY

After deliberating until 8:30 p.m. Tuesday evening, a jury in a District Court at Anson remained unable to agree on a verdict in the murder trial of Earl Smith, Hamlin negro. Judge Owen Thomas declared a mistrial in the case, Escal Walter, attorney, reported.

Smith appeared before the court today facing a charge of murdering

Dansby, another Hamlin negro, the night of September 4, 1946, in Hamlin. Smith had entered a self defense plea.

He testified that he shot Dansby in self defense. He said he and Dansby got into an argument on the night of September 4 over a pint of whiskey. Smith alleged Dansby beat him with a knife. Smith said he took his own pistol and shot Dansby three times.

H. Foster, Hamlin chief of police, a state witness, testified he saw Smith on the night in question and took a gun from him.

Another state witness, Dr. C. V. Van of Rotan, said he had examined the body of Dansby and attributed death to gunshot wounds.

Others in the case were Norman N. Fred Horton, M. H. Barker, of Hawley; J. F. McCulloch of Stamford; Clyde Tidwell, A. H. McLean, Roy Harrison and N. H. Chastain, all of Anson; T. O. Johnson and T. A. Tucker, both of Merkel; R. L. Vinson of Merkel and Harry May of Hamlin.

Court, when it reconvened Wednesday, heard please entered by two defendants in a burglary case.

Cent Cotton Comes On Heels of Estimate

Hamlin sector and Jones County farmers Wednesday saw the 40-cent cotton boat appear over the horizon, but what it will mean to them, what it will mean to their white shirts and underwear is anybody's guess.

Wednesday's December quotation stock market exchanges was the last in a quarter century.

The U. S. Department of Agriculture reported Wednesday a crop estimate of only 8,724,000 bales—a drop of 447,000 bales below the September guess.

Demand for cotton goods is unending and carry-over stocks of cotton from previous years' production is far below the average.

Russell and Baize On Hunt for Antelope

Ed Russell, Hamlin banker, and Baize of Stamford left Tuesday for Culberson County on an antelope hunt.

No word had been received late Tuesday from the duet of Jones County hunters, who expect to bring back some "table groceries" in the form of antelope meat.

JIMMY KIDD GETS \$30,000 IN AGREED CASE FOR INJURY

In an agreed verdict reached last Thursday at the district court in Anson, Jimmy Kidd, 18, of Hamlin, was awarded \$30,000 in damages from the Santa Fe Railway Company for loss of a foot last June 13.

Jimmy, son of W. C. Kidd of Hamlin, was a member of a Santa Fe crew operating out of Hamlin, and had his foot crushed at Medicine Mound, five miles south of Chillicothe, in switching operations.

Jimmy was between freight cars doing uncoupling work when the train started and caught his foot under a wheel.

He was rushed to a Quanah hospital, but the foot was so badly mangled amputation was necessary. The foot was taken off three inches above the ankle.

W. C. Kidd, a long-time Hamlin resident, was a railroad brakeman and conductor for 39 years. He retired last year.

WAR SERVICE BOOK READY AT HERALD FOR DISTRIBUTION

Jones County's War Service Book, containing the pictures and histories of Hamlin area and Jones County people in World War II service, has been received by The Herald.

Those who ordered their service books in advance are asked to call by The Herald office for the volume, which carries short biographies and excellent pictures of our men and women who served in each branch of the armed forces.

Pictures of men and women sent in for the Jones County Service Book are available at The Herald office.

The Herald cooperated with Stamford and Anson newspapers to have the volume published. Publication was by Greenbelt Publishing Service at Vernon.

Several extra copies of the book have been received, but the volume cannot last long at the rate being delivered this week.

Little Small Grain Has Been Planted in Area

A check this week by The Herald reveals very little small grain has been sown in the Hamlin area.

Wheat, this territory's principal small grain cash crop, will be drilled in, growers state, when the ground gets a little colder so wheat can get a good growth ahead of wild rye and weeds.

Wheat land around Hamlin has been broken and is in excellent shape for seeding. Need however, of getting the grain up in clean condition is causing producers to wait before starting seeders to hummus.

Wheat on the Chicago market closed Tuesday at \$2.04 per bushel for January.

Hamlin Station Makes Tailored Seat Covers

Something entirely new for Hamlin is the making of tailor-made seat covers by the McCoy Service Station.

Dawson McCoy, in general charge of making the seat covers, has had six years experience in this business. He attended a special upholstering school and finished first out of a class of 130 students.

Some seat covers being made to order are acid proof. The operators have a variety of materials for the motorist to choose from, including straw plaid and leatherette goods.

Price Controls Not to Be Removed from Meat

In a statement for local release, Secretary of Agriculture Clinton Anderson informs Hamlin people that price controls will not be removed from meat.

Secretary Anderson says no further increase in the price of farm products can be expected at this time.

Hamlin FFA Boys' Stock Wins at Fair

ELTON BRIGHAM'S JERSEY COPS GRAND CHAMPION IN CLASS AS OTHERS PLACE

Headed by T. J. May, chapter adviser, 47 Hamlin FFA boys returned Sunday afternoon from Dallas, where the group Saturday attended the State Fair of Texas.

The Hamlin boys had plenty to be happy over, for the Junior Jersey Show entry of Elton Brigham coped first place and the grand championship. Elton's entry, Rosette, won first money of \$20.

In all the Hamlin FFA boys won \$105 in the Jersey show Saturday.

Jones County herd, consisting of entries by Elton Brigham, Weldon Townsend, Kenneth Holloway, Callens George and Lawrence Long, coped first place award of \$50.

Individual winnings of Hamlin FFA members at the State Fair of Texas were: Elton Brigham, first and grand championship, with Rosette, \$20; Weldon Townsend, first with Lassie, \$20; Kenneth Holloway, second with Royal, \$18; Callens George, third with Dream \$15; and Lawrence Long, fourth with Sammy, \$12.

Saturday was Farm Youth Day at the State Fair and the Hamlin group joined in with 3,000 4-H Club boys from over the state in taking in the fair.

Hamlin School furnished a bus for the group to make the trip to the fair.

Dean Gets McCaulley School Building Project

J. F. Dean of McCaulley has been awarded contract for building the McCaulley School gymnasium and two classrooms. The Herald learned Wednesday.

Dean was awarded contract for the structure on a bid of \$42,700. Work will get underway next week and is due to be finished in 140 working days.

To be located south of the present building, the gym and two classrooms will be in the form of a 98x90 brick building with a truss top.

Considerable interest is being shown by McCaulley people in a new gym and additional classroom space to accommodate the "overflow" in school students.

Hughes Men's Store, across the street from Hamlin post office, will open Saturday and the general public is invited to inspect the stock of merchandise on hand.

Merchandise will range from men's good used suits and school supplies to tobacco, notions and new ties and men's socks.

DIRE WANT STILL HAUNTS POLAND FOLKS

Life in Poland is still far from normal. Bronisława Samiec has 12 acres of land, but the war took her husband, her farm house and all her animals. She and her four children live in a straw lean-

Hamlin Will Meet Throckmorton at Home Friday Night

In the second conference game of the season, the Hamlin Pied Pipers will meet the Throckmorton Greyhounds at Piper Stadium, 8:00 o'clock Friday night.

Scheduled to be one of the best games in the district, the home team will be fighting for its second conference win, while the Hounds, tying Monday last week, will be gunning for their first win.

The Hamlin team is in fine condition and is expected to put out a good showing for the home folks. Coaches L. B. Howard and Marvin Carlton have the boys in good shape and say they are not only going to win this game but the rest and take the district crown from our neighbors to the southeast.

With three district games in this district last week, things are beginning to shape up and it looks as if this will be one of the tightest fights for the crown that has been shown in the past few years.

Minus the service of Troy Rogers, the Anson Tigers, last year's winner, beat the Haskell Indians, 18-0. Stamford ran over Albany, 49-0, Hamlin licked Spur in a non-conference game and in the surprise game of the district, Throckmorton tied Monday in one of the most thrilling games of the district.

Two and Half Miles of Highway Gets Topping

Beginning at Meadley and coming toward Hamlin, two and one-half miles of the Hamlin-McCaulley highway have been "hot topped."

Rainfall Tuesday and early Wednesday will halt asphalt work for a couple of days, but people of this area are glad to see paving started on the vital farm-to-market Highway 57.

After initial paving this week, only about five and one-half miles remains to be paved before the McCaulley-Hamlin stretch is an all-weather, all purpose thoroughfare.

Hughes Men's Store Is New Concern in Hamlin

Hughes Men's Store, across the street from Hamlin post office, will open Saturday and the general public is invited to inspect the stock of merchandise on hand.

Merchandise will range from men's good used suits and school supplies to tobacco, notions and new ties and men's socks.

Truby Well Would Open New Region

FOR THAT HOT MAIL

Ardent lovers who like messages with "sugar and honey dripping," people who bought mail-order merchandise they do not like and those who bought stocks that went down instead of up have good news this week.

A salesman passing through Hamlin had a sample of non-inflammable envelopes, which, by the way, are now on the market. The envelopes will be a blessing, too, to those who may belong to lonely heart clubs, etc.

PIPE CEMENTED AT 2,680 FEET IN GUNSITE OIL STRATA BY DELTA DRILLING FIRM

Area operators this week turned attention to the Truby community, where promise of a new Jones County pool is indicated two miles north of Truby at Delta Oil Company's No. 1 Grove, 330 feet from the north and east lines of the 200-acre Grove fee on the east side of John W. McKissick Survey 204.

Pipe was cemented, The Herald is informed, at 2,680 feet in the Gunsite, above total depth of 2,681 feet.

Oil began rising in the well as soon as the pay was reached, at the rate of four barrels an hour, and was carried in the hole as casing was underreamed to top of the pay. Drilling was stopped after one and a half feet of pay had been cut.

Five miles southeast of Hamlin, Bennett & Sorrells No. 1 H. W. Carter, 3,000 foot cable tool test, was drilling ahead below 600 feet.

The Bennett & Sorrells No. 1 Carter is located 330 feet from the north and east lines of Subdivision 27, Austin & Williams Survey, League 339.

At latest report, operators were still undecided as to just how far they would take Skelly Oil Company's No. 3-A D. O. Huddleston. Drilling was progressing below 4,567 feet after taking another drill stem test in the Palo Pinto.

The second test in the formation was taken from 4,477-91 feet after a core of two feet and nine inches was taken between 4,481-91 feet and some oil staining.

On two-hour test through 5-8 inch choke, the well showed gas to the surface at the end of one hour with recovery of 90 feet of oil and gas cut mud, 180 feet of muddy water and 3,679 feet of salt water from a total depth of 3,945 feet of fluid.

In the meantime, two other tests of the Palo Pinto had started, but neither test had drilled deep enough for utilization in correlation.

They were the second offset to the Huddleston discovery well, the Skelly Oil Company No. 2 D. O. Huddleston, 3,209 feet from the north and 2,665 feet from the west lines of Section II, Block 19, T & P Survey, and the new wildcat about three miles north of the Skelly block, Horne Oil Company No. 1 J. W. Wheeler Jr., 330 feet from the north and east lines of George Creath Survey 221.

The Truby strike marks the first operation of the Houston company in this country. Sub-surface geology was worked by H. B. Poff of Fort Worth and constituted his initial work in this territory.

After Delta's No. 1 Grove was put on the swab, it kicked off and flowed across the pits. Early estimates indicate 100 barrels daily. Well will be completed natural at present depth.

After drilling of casing plug, operator is of the opinion the well will flow, but if not it will be completed as a pumper.

Five miles north of Merkel completion is being awaited at Jones County's first Straw Sand production, R. H. Roark No. 1 E. T. Pitzer. It is cleaning out after being shot with 30 quarts above previous perforations at 4,539 to 4,550 feet in attempt to lower the gas-oil ratio.

Official gauge is being taken on the Roark, Hooker and Roark No. 1 F. C. Hodges, eastern Jones County discovery 1 1/2 miles southwest of Nugent.

Completing in the Gunsite Lime at only 1,938 to 1,942 feet, the well has been delayed in gauging by tubing trouble and replacement of pump barrel. Location is 467 feet from north and 1,650 feet from west lines of A. Bell Survey 6.

T. W. Neil's Have Son

Thomas Wayne is the name of the son born Tuesday morning, 11:30 o'clock, in a Haskell hospital to Mr. and Mrs. T. W. Neil Jr. Thomas Wayne weighed in at eight pounds.

Grandparents are Mr. and Mrs. T. W. Neil Sr. and Mr. and Mrs. M. B. Wilson of Haskell.

to and have two meals a day of three small potatoes cooked in the open. UNRRA has provided them with a horse to work the land so their prospects are a little brighter.

OF INTEREST TO WOMEN

Ernestine Gardner and J. C. Hodnett United

Ernestine Gardner, daughter of Mr. and Mrs. W. A. Gardner, and J. C. Hodnett, son of Mr. and Mrs. H. C. Hodnett, were married last Thursday afternoon, 3:00 o'clock, at the parsonage of Rev. John Osteen, Hamlin First Baptist Church pastor.

Attendants at the wedding were Mrs. Charles Gardner and Mrs. O. H. Weaver.

The bride chose a grey dressmaker suit with brown accessories. Her corsage was of yellow daisies.

Mrs. Hodnett is a 1944 graduate of Hamlin High School, while the groom graduated from Hamlin in 1942.

After a brief honeymoon spent at Lubbock the couple will make their home at Neinda.

Alta Willis Marries Luther Haught Sunday

Alta Willis, daughter of Mr. and Mrs. S. P. Willis of Hamlin, and Luther J. Haught, son of Mr. and Mrs. M. L. Haught, also of Hamlin, were united in marriage Sunday afternoon at Abilene.

The couple was married by the state's largest justice of the peace, Don Ward, at his home, 618 Butter-nut.

For the wedding the bride chose a light grey suit with black accessories. Her corsage was of pink carnations.

Bride is a 1945 graduate of Hamlin High School. She attended North Texas State Teachers College at Denton.

The groom, an employee at Duncan Foods, is a graduate of McCaulley High School. He served three years in the Navy, and received honorable service discharge March 25 of this year.

Woman's Literary Club In Year's First Meet

Woman's Literary Club of Hamlin honored the new president, Mrs. O. D. Roland, at a luncheon in the home of Mrs. W. A. Albritton. Mrs. Henry Albritton and Mrs. H. O. Cassle were ushers.

Autumn flowers were decorations, and autumn leaves of green, gold and brown were place-cards. A musical arrangement of waltzes was played throughout the luncheon hour.

Mrs. Tarlton Willingham responded to an address by Mrs. Roland. Yearbooks were presented by Mrs. Jim Howard King, chairman of the yearbook committee. Course of study for the year is "Book Reviews and Programs from General Federation." Roll call for the day was answered with "something I have read."

New members welcomed were Mrs. John F. Green Jr., Mrs. Lovel Stell, Mrs. Fred B. Moore Jr., Mrs. Clifford Reynolds Jr. and Mrs. Stanley Carmichael.

Officers for the year are: Mrs. Roland, president; Mrs. Willingham, first vice president; Mrs. King, second vice president; Mrs. E. J. Whaley, recording secretary; Mrs. Thomas Ferguson, corresponding secretary; Mrs. R. D. Moore, treasurer; Mrs. John D. Ferguson, reporter; Mrs. Clyde Angel, parliamentarian; Mrs. W. L. Boyd Jr., critic; Mrs. H. O. Cassle, librarian; and Mrs. Joe McCrary, musician.

Mr. and Mrs. Virgil Morse and daughter, Reba Dean, of Lakeport, California, have been visiting the Everett Townsleys.

Ida Frances Robertson and Naomi Young, students at Hardin-Simmons University, Abilene, were week-end visitors with Miss Robertson's parents, Mr. and Mrs. T. C. Robertson Sr.

LITERARY CLUB HEAD

New president of the Woman's Literary Club here for the ensuing year is Mrs. O. D. Roland. Mrs. Roland was honored at a luncheon given at the home of Mrs. W. A. Albritton.

Abilene Party Given For Bride-Elect

A number of Hamlin residents were in Abilene Friday evening to join Abilenians at a party given by Mrs. W. F. Martin of the Martin Ranch, north of Hamlin, and her niece, Mrs. Theron Guffey of Abilene, to compliment Edwina Gilbert of Hamlin.

Marriage of Miss Gilbert and Charles E. Holder of Little Rock, Arkansas, is to take place in the early fall, the date to be announced later.

Miss Gilbert, graduate of the School of Music of Southern Methodist University, Dallas, has been studying at the University of Michigan, Ann Arbor, for the past 18 months.

Edwina is a member of Mu Phi Epsilon, national music sorority, and Beta Theta chapter of Beta Sigma Chi. She is the daughter of Mrs. W. H. Gilbert of Hamlin, member of a long-time West Texas family.

Mr. Holder is an employee of the Standard Oil Company, and the couple will make their home in Elizabeth, New Jersey.

The party was in the Guffey home, 1936 South 11th, where Mrs. E. L. Yeats of Hamlin presided to pour tea from a table overlaid with Normandy lace and appointed in silver. She was assisted in serving by Mrs. Arline Morgan, Hamlin. Others in the house party were Mrs. Gilbert, Mrs. Gordon Bennett and Mrs. Onis Crawford.

Included in the guest list were a number of Miss Gilbert's former piano pupils.

The list included Mrs. A. A. Hackley, Mrs. Willard Maberry, Mrs. L. H. McBride, Mrs. J. C. Turner, Mrs. Ray Willingham, Mrs. Bill Roundtree, all of Hamlin, Mrs. J. F. Morrison, Nancy Craig Lasley, Mary Ann McCollum, Hortense Phoenix, Diane Carlton, Margaret McBride, Mrs. Gaines Shults, Mrs. E. L. Ganey, Mrs. E. E. Traweek, Mrs. Dennis Manly, Mrs. M. A. Walker, Mrs. Larry Adamson, Mrs. M. A. Grisham, Mrs. Jerome L. Gunn;

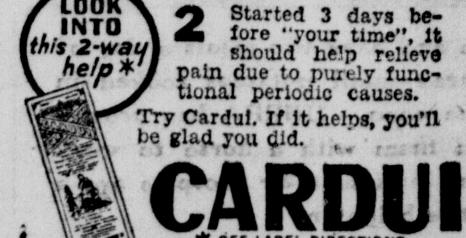

Mrs. U. C. Harwell, Mrs. A. S. Hawes, Mrs. J. B. Jordan, Mrs. L. M. Touchstone, Mrs. Hollis Manly, Mrs. Dan Parrish, Billye Jo Parrish, Mrs. Edmund Yates, Mrs. J. M. Cox, Mrs. John Hutto, Mrs. John White, Mrs. John Hardesty, Mrs. Boo Morrison, Mrs. Ira L. Guffey, Mrs. Earl Lester, Mrs. Bill Harbert, Mrs. Tommy Ellis, son and Mrs. Guffey's mother, Mrs. Ada Hartsough.

How women and girls may get wanted relief from functional periodic pain

Cardui is a liquid medicine which many women say has brought relief from the cramp-like agony and nervous strain of functional periodic distress. Here's how it may help:

- 1 Taken like a tonic, it should stimulate appetite, aid digestion, thus help build resistance for the "time" to come.
- 2 Started 3 days before "your time", it should help relieve pain due to purely functional periodic causes.

Try Cardui. If it helps, you're glad you did.

McCaulley Women Elect Club Officers

In a semi-monthly meeting the McCaulley Home Demonstration Club convened in the home of Mrs. Ray Maberry at Blastero, elected officers for the ensuing year. A demonstration was given by the agent, Mrs. Delma Boles of Roby.

Club officers elected were Mrs. Ray Maberry, president; Mrs. Willie Fancher, vice-president; Mrs. Joe Miers, secretary-treasurer; Mrs. Glen Henderson, council representative; and Mrs. Leroy Prather, reporter.

Following officer election, the home demonstration agent demonstrated the making of quick breads. Demonstration was thorough and was made easy for club members to follow, by watching procedure from beating of eggs to mixing of ingredients.

With enthusiasm for her work, Mrs. Boles as new agent will doubtless have a very successful year's work ahead, club attendants stated.

Members present for the semi-monthly gathering were Mrs. Levi McCollum, Ben Kemp, Dick Maberry, Frank Kemp, Della Fancher, Nellie Mustain, O. C. Prather, Melvin Henderson, Roscoe Perryman, Joe Miers, George Darden, Viola Hendon, Ted

Margaret Wallace and Curtis Simmons Wed

Mr. and Mrs. O. L. Wallace of Hamlin are announcing the marriage of their daughter, Margaret, September 28 at the Gospel Baptist Church, Kansas City, Kansas, to Curtis W. Simmons, son of Mrs. Dee Simmons of Sweetwater.

Wallace, well remembered here, is employed at Montgomery Ward & Company's Brownwood office in the shipping department.

The couple is making their home in Brownwood at 1009 Malwood.

Willoughby Walker and Geraldine Helms Wed

Willoughby C. Walker and Geraldine Helms, former Hamlin couple, were united in marriage September 14, 8:30 o'clock, at Brownwood. The Herald learns this week.

Walker, well remembered here, is employed at Montgomery Ward & Company's Brownwood office in the shipping department.

The couple is making their home in Brownwood at 1009 Malwood.

A. S. Burns Announces First Grandchild

Mr. and Mrs. A. S. Burns, long-time residents now at San Diego, California are announcing the arrival of their first grandchild, Jay Burns Reed. Jay Burns was born September 12, Laramie, Wyoming, to Mr. and Mrs. J. O. Reed. Mrs. Reed is the former Beulah Lou Burns of Hamlin.

Incidentally, Mrs. Burns sends her

Herald renewal for another year and wishes the new Herald force well.

Mrs. Eddie L. Horne and sons, Danny and Frankie, of Belen, New Mexico, are visiting Mrs. Horne's grandmother, Mrs. Dan Stephens.

CLUB TOLD GROWTH OF CAMP RE GIRLS IN AREA

aid growth of the Camp Fire in this area is reflected by at 24 months ago we had only 10 towns in this area. We now 10 area towns and 1,056 Camp girls in our organization," Mrs. Stockdale of Haskell, area CFG executive, told Hamlin's Rotary Wednesday noon.

Continuing, Mrs. Stockdale pointed out that Hamlin now has 100 girls in the Camp Fire Girls. Area goal January 1, 1947, is 1,500 mem-

bers. Camp fund of \$1,000 is included in the 1947 CFG budget, Rotarians learned. A new field worker will be provided for in the 1947 get.

Mrs. Odelle, extension chairman of the Camp Fire Girls area, also Haskell, told the Rotary Club of need for leadership for the girls' organization. Mrs. Tom Teague of Hamlin introduced the two visiting officials.

New Rotary Club member is Harry Williams, recently elected Hamlin High School principal.

Club guests were Rev. Miles Hayes, minister of Stamford; Cephnoweth, E. W. Berry and Ollie Mim, all of Abilene; Mames, Fred Stockdale, Tom Teague and Odelle.

Phyllis Richardson of Senior Class Named Sweetheart for FFA

Added attraction of the senior box supper staged Monday evening at the Hamlin High School auditorium was announcement that Phyllis Richardson, candidate of the senior class, won the Future Farmers of America sweetheart race.

Phyllis won by a very narrow score over the freshmen's choice, Patsy Parker.

Four class nominees were called to the front and introduced by Dan Jones, second vice president of the Hamlin FFA chapter.

T. C. Blankinship announced that the boys had raised a total of \$257.39 by the contest, and that it would be used for improving and better equipping the Hamlin Vocational Agriculture Department.

Members of the Hamlin FFA chapter wish to thank each individual who contributed money in the FFA sweetheart contest and helped the vocational agriculture department of the local school.

Hershell Prindle, a student and member of the faculty at North Texas State Teachers College at Denton, was here through the weekend visiting his mother.

Mrs. W. C. Calhoun and son of Moody visited her sister, Mrs. H. M. Hooper and Mr. and Mrs. E. R. Hamlin, over the weekend.

R. W. WEAVER, 81, DIES SATURDAY AT HOSPITAL IN ROTAN

Final rites for R. W. Weaver, 81-year-old retired farmer, succumbed Saturday morning, 9:15 o'clock, in Rotan's Callan Hospital of a heart attack.

Mr. Weaver, who had recently been living with his children at McCaulley, entered the hospital last Thursday. Death was attributed to a heart attack.

Funeral services for Weaver were held Sunday afternoon, 3:00 o'clock, at Hamlin Assembly of God Church. Rev. Paul Joiner, pastor, officiated.

Mr. Weaver, a retired farmer, was born April 10, 1865, in Mississippi. He was married in 1882 to the former Emily Jones, who passed away in 1943. The couple came to Texas in 1900.

Weaver was converted in 1883, and became a member of the Methodist Church. His many friends and neighbors recall happily that he was very active in serving the church any way he could.

Old-timers recall that Mr. Weaver farmed for a number of years near Anson, but recently had been residing at McCaulley.

Surviving Mr. Weaver, are six daughters, Mrs. R. E. Ewing of Hamlin, Mrs. W. A. Taylor of Wichita Falls, Mrs. J. B. Green and Mrs. R. E. Murphy, both of McCaulley, Mrs. Nellie Nichols of Eunice, New Mexico, and Mrs. R. E. Dunham of Albany; three sons, R. M. Weaver and J. R. Weaver of McCaulley, and J. F. Weaver of Hamlin; 59 grandchildren, 58 great-grandchildren and six great-great-grandchildren.

Lawson Funeral Home of Anson directed arrangements, and interment followed in Funton Cemetery, six miles east of Anson.

Katy Testing Radios in Key Yards at Denison

Of keen interest to people of this area served by the Missouri-Kansas-Texas Lines is a series of short-wave radio communication tests being conducted in the railroad's Ray Yard at Denison.

Representatives of the Aireon Radio Corporation are in charge of the tests, which permit direct communication between yard locomotives and the yard office. Two months ago the Katy conducted tests of such radio sets made by another firm. When tests are complete, Katy officials will decide whether or not yards in the system will be equipped with short wave radio communication.

Jack R. Ellison Returns To Hardin-Simmons As Member of Faculty

Jack R. Ellison son of Mrs. J. W. Ellison of Hamlin, has been added to the Hardin-Simmons University faculty at Abilene President Rupert N. Richardson of the university announces.

The Hamlin man will teach in the H-SU physical education department, specializing in archery.

After he served more than three years in the U. S. Army Medical Corps, Ellison returned to Hardin-Simmons to complete his BA degree in physical education. He played left guard on the 1946 Cowboy team.

Ellison is known to his friends as "Cactus Jack." He is rated one of the best all-around athletes on the H-SU campus. He excels in swimming, is a good softball pitcher, good at baseball and can hold his own on the tennis court.

The Hamlin man is also president of the Young Married Couples Sunday School Class at the University Baptist Church.

Jessie Myers Brings Back Another Win at Breckenridge Rodeo

Attractive Jessie Myers of Hamlin, daughter of Mr. and Mrs. Reagan Myers, freshman at Hardin-Simmons University, Abilene, added another laurel to her rodeo crown of glory last week by winning first place and a hand-made saddle at the Breckenridge Rodeo, staged last Thursday through Saturday.

Miss Myers has amassed a total of 13 firsts out of 15 entries in West Texas rodeos this year. She placed second in the cowgirl sponsor contest at Midland and third at the Texas Cowboy Reunion at Stamford.

Jessie has been elected to ride one of the six white horses at H-SU to lead the Cowboy Band. She has taken her horse to Abilene with her, and will keep her prized mount in good training condition.

Jessie's mother was with her from last Thursday through Saturday at the Breckenridge Rodeo.

Lorene Matecha, Polio Victim, Fast Recovering

Mr. and Mrs. Wade Farrell and son, Don, of Odessa, have been here this week visiting the Bill Millions.

Mr. and Mrs. Farrell are happy to report that Lorene Matecha, formerly of Hamlin, is well on the road to recovery from an attack of polio.

A physician at Lubbock diagnosed Lorene's illness as a blood infection. She is the daughter of Mr. and Mrs. R. L. Matecha, now at Odessa. Lorene has recovered to the extent she has been taken home.

Elizabeth Butcher, student at North Texas State Teachers College, Denton, visited her parents, Mr. and Mrs. C. F. Butcher, and friends over the week-end here.

Sentinels of Health

Don't Neglect Them!

Nature designed the kidneys to do a marvelous job. They not only remove the waste products from our system, but also constantly produce waste matter the kidneys must remove from the blood if good health is to endure.

When the kidneys fail to function as Nature intended, there is a certain accumulation of wastes that may cause body-wide disturbance. One of the most nagging backaches, chronic headaches, attacks of dizziness, getting up nights, swelling, puffiness under the eyes—feet tired, nervous, all worn out.

Frequent, scanty or burning passages are common other evidences of kidney or bladder disturbance.

Recognize and proper treatment is a diuretic medicine to help the kidneys get rid of excess poisonous body waste.

Entered at the Post Office at Hamlin, Texas, for transmission through the mails as Second Class Matter, according to an Act of Congress, March 3, 1879.

Any erroneous reflection upon the character of any person or firm appearing in these columns will be gladly and promptly corrected upon being brought to the attention of the management.

HAIL OUR LEGION YEAR

Hamlin's American Legion Post, the one organization keeping service men close to their government and close to the projects dearest to their hearts, began a New Year of practical activities Monday evening in a highly encouraging manner. Every citizen of this vicinity admits the Legion needs our unstinted support and backing, so why not let Commander Joe Culbertson and the Legion officers know we are behind them 100 per cent in their endeavor to make this post a community institution?

The American Legion, standing as it does for the highest fidelity to country and democracy, is one of the few national organizations that has not been "smeared" one way or another by politics. If posts over the country have as competent and capable officers as the Hamlin post, need never worry about American security. Too, the Legion and the Veterans Administration see that our ex-service men and women, get a square deal and that war-caused disabilities are taken care of in a world where even the well hardly have time to draw very deep breaths.

BLUE RIBBON LIVESTOCK KEEPS WINNING

Recent winnings of Hamlin FFA boys in Jersey shows, especially, brings out a fact. The Herald is mighty proud of—livestock in this immediate vicinity are of the best and the blood lines of stock FFA and 4-H Club boys are the stock that are cropping the top places in livestock expositions.

Remember back when West Texas was an open frontier, and the Long Horn steer was the symbol of "meat on the hoof" perfection; when the cattle baron cared not for kind or age—just so long as an animal could be driven up the trail to market? That age, happily, is now a memory and even club boys have learned that only profitable animals can remain on farm and ranch. Profitable animals mean that breeding is the foundation of a good dairy, or beef, herd and proper care, with stress on disease-free animals, is the bed-rock foundation of keeping in the livestock business.

TURNIPS AND GREENS KEEP BODY FIT

Hamlin folks, like all true Americans, are not forgetting turnip and green patches this fall, and if there is anything more tempting, more delicious and wholesome than turnips and greens we don't know of it.

Incidentally, an eminent physician, writing recently in our most respected medical journal, pointed out that a major cause of cancer (and on every hand now we hear of cancer and more cancer) was a lack of greens and fresh vegetables in the diet. The physician went on to state that in areas where ample supply of greens and other leafy vegetables is always available cancer is indeed rare.

There is a whole lot more logic behind the statement of turnips and greens, and pot "likker" being healthily than many suspect. Greens, whether mustard, turnip or kale, help purify the blood stream and help the system keep in "balance." Growth of cancer seems more rapid in areas where people stuff on starchy foods, so the "preserved turnips" of even Lil' Abner have a message of health and longer life, if the advice of an outstanding doctor is worth anything.

TAX AGENCIES HAVE MONEY IN THE TILL

Keeping up a commendable and highly appreciated tradition, people of Hamlin and this county are paying state, county and school taxes at a mighty nice clip, as well as city taxes, and since a discount of three per cent is allowed on state and county taxes paid this month, the over-all saving is worth taking advantage of now.

Tax payments over-all have been good here the last three years, evidencing the willingness of people to keep county and state government functioning smoothly when they have the "where with" for tax paying on schedule.

Any county, or school district, with money in the till is still always an aggressive, forward looking county, as is any town or city. We have in America, after all, the best form of government in the world and when people think "tribute" in the form of taxes paid is out-of-line they have but to think of, for example, England where taxes really take one's hat off, the bulge and all the snap out of the pocketbook.

WHAT CONTEMPORARIES ARE SAYING

LET US LIVE IN A HOUSE

As we see it housing is the big problem before the nation today. Now more than ever homes are needed that family life during the difficult readjustment period can be set on a sound basis. It is disappointing that Congress before it adjourned did not leave a definite, clear-cut, workable program that would have provided this national necessity.

A nation with the resources to wage a war that America has, should not be any less resourceful in providing a means whereby its citizens, after the war is won, can secure homes. Our family life is not going to continue to exist under distasteful conditions of inadequate housing and living conditions destructive of the home life to which we, of America, have become accustomed. We have many recovery problems in this country but none of them is more pressing and important to our national welfare than the matter of adequate housing.

It is encouraging to know that Graham has some forward-looking leaders who have taken definite steps to relieve the local housing situation. Workers are busy erecting veterans' housing units now and some relief for acute local housing situation is in the offing. But to hundreds of communities all over the nation no such projects have been secured, and local relief could be on a much larger scale if all available surplus Army and Navy buildings could be salvaged for homes rather than standing to deteriorate before miles of red tape can be overcome.

People of this area who still look to homes as foundation for American happiness and progress might do well to voice their desires for more materials for homes to congressmen and senators who represent them. The Graham Leader.

Let us labor for the larger comprehension of truth, and that more thorough repudiation of error, which shall make the history of mankind a series of ascending developments.—Horace Mann.

Prosperity is the touchstone of virtue; for it is less difficult to bear misfortunes than to remain uncorrupted by pleasure.—Tacitus.

RESTAURANTS GO TO NEW CEILINGS ALLOWED BY OPA

Effective today (Thursday), Hamlin and Jones County restaurants can make a 15 per cent price increase on meat meals.

This increase in meal prices, although not the biggest boost possible, has been authorized by the Office of Price Administration and is expected to bring needed relief to cafe operators, who have been breaking even—some even incurring slight losses—on meat meals.

Restaurant owners here and elsewhere have complained bitterly that everyone else selling meats—from packers to butchers—had been allowed price increases since meat ceilings were restored after a two-month lapse. Restaurant ceilings generally are the prices of April, 1943.

OPA announces that individual restaurants and other eating places will compute their own ceilings—both on meat meals and those containing items not under price lids such as fish, poultry and dairy products.

Elementary P-TA Will Meet Next October 15

Announcement is made of the meeting Tuesday afternoon, October 15, of the Elementary Parent-Teacher Association in Hamlin High School.

People of Hamlin and all surrounding rural communities are extended a cordial invitation to attend the meeting, at which some important business matters will be transacted.

Properly Prepared Soil Will Increase Yield of Vegetables This Fall

Although most fall garden plots are already prepared and perhaps planted, it's not too late to prepare soil for fall vegetable plantings.

So states Hannah Nabors, county home demonstration agent, who says it is necessary, in preparing garden soil, to cut and remove all weeds and plant residue before plowing. Weeds and left-over vegetable plants, if turned under, will mold and heat the soil causing it to dry out and prevent through cultivation.

If manure is available, spread a coating over the surface and plant in to a depth of four to five inches.

It will serve to increase the water-holding capacity of the soil and prevent hard packing. Don't plow more than five inches deep, however, or the soil will dry out. More moisture is required to wet a deep seed bed than a shallow one. After plowing, break up all clods and lumps and rake the soil until it is fine and smooth.

A child's love for his mother is not inherited.

The Force that
 Supports the World's
 Biggest Bridge...

OIL-PLATES Your Engine!

IN the great San Francisco-Oakland bridge, a tremendous tug-of-war goes on continuously between gravity and molecular attraction. Because the attractive force between the molecules in the cables balances gravity's down-pull the bridge stays up.

Through continuous experiment with the mighty forces of molecular attraction, Conoco scientists are able to produce new and better oils for America's motorists. For instance, by utilizing forces of molecular attraction, a special ingredient of Conoco Nth motor oil is bonded to working surfaces of your engine, so that cylinder walls are OIL-PLATED.

And because molecular attraction holds Conoco OIL-PLATING up where it belongs...prevents it from all draining down to the crankcase, even overnight...you get these benefits:

added protection when your engine starts up
 added protection from corrosive action
 added protection from wear that leads to fouling sludge and carbon
 added smooth, silent miles

That's why to OIL-PLATE now...at Your Conoco Mileage Merchant's. Look for the red triangle. Continental Oil Company.

COTTON ADVANCES \$6 A BALE TO ATTAIN NEW HIGH; OTHER PRODUCTS SHOW GAINS

Climbing prices for cotton, poultry and eggs are reflected in the lastest swing of Southwest Farm Markets, which follows:

Cotton, poultry and eggs continue to bring higher prices, fruits and vegetables pecked up strength, live-stock and most grains except sorghums were steady to strong at southwest markets last week, USDA's Production and Marketing Administration reports.

Cotton advanced about \$6 a bale into new high ground. Nearly all grades found ready buyers. Demand continued stronger with shippers buying current ginnings mainly to fill back orders. Farmers generally sold cotton as fast as they ginned it.

Sales in the 10 spot markets jumped to 200,700 bales last week compared with the 172,500 bales the preceding week and 179,300 a year ago for the same period.

Wheat went up a cent a bushel and rice advanced in line with new ceilings. Corn held steady but barley and oats were below the previous week's close. Sorghums lost a nickel a hundred nearly every day last week. Feed held firm, but good pastures in most southwest areas reduced demand below normal for this season.

Louisiana sweet potatoes gained about 10 to 20 cents a bushel last week over the previous week's close. U. S. No. 1 Porto Ricans sold mostly at \$2.30 to \$2.40 per bushel crate at Louisiana shipping points.

Eggs and poultry continued to advance last week as broad demand accented by the meat shortage quickly cleared light supplies at most southwest markets. Turkeys were firm too with young toms selling mostly at 33 to 35 cents per pound at Fort Worth.

Southwest cattle markets reported slightly heavier receipts last week. Prices held generally steady for light

COUNTY INFANTILE PARALYSIS FUNDS IN GOOD CONDITION

Jones County chapter of the National Foundation for Infantile Paralysis is in good financial condition, according to C. W. Bartlett of Anson, county chairman. Funds sufficient to care for ordinary needs of polio cases are on hand he declares.

Bartlett disclosed this week that \$2,492,281 in supplementary aid has been sent so far this year by the national foundation to its chapters in 36 states. This financial assistance was necessary to replenish chapter treasuries depleted in providing treatment and care of infantile paralysis patients stricken this summer and in aiding victims of prior outbreaks.

Bartlett made this disclosure following receipt of a statement from Basil O'Connor, president of the national foundation, which re-emphasized the fundamental policy followed by the foundation and its chapters in providing for care and treatment of infantile paralysis victims.

O'Connor's statement said: "The National Foundation for Infantile Paralysis has accepted a trust through the annual March of Dimes. The voluntary contributions of the American people to this annual appeal in January is their insurance that no infantile paralysis patient need go without the best medical care and treatment regardless of age, race, creed or color.

"It has always been the policy of the national foundation to aid any person stricken by the disease where the financial burden would otherwise lower his or his family's standard of living.

"Such aid covers transportation of the patient to and from hospitals and clinics; payment of hospitalization, medical care and treatment until maximum recovery is achieved, the defraying of nursing and physical therapy charges, and costs of orthopedic surgery as well as provision of such special appliances as may be indicated.

"Resources necessary for this tremendous task are available. They were donated by some 50,000,000 Americans who realized that costs involved in the care and treatment of this disease, one of the most expensive known to medicine, are far beyond average family means.

"Through pooling dimes the nation has established a voluntary non-profit organization to take care of anyone stricken by polio. I want to assure every family in this country that if polio should strike, local chapters of the National Foundation of Infantile Paralysis serving every county in the nation are ready and able to provide every possible facility until maximum recovery is assured."

Handicapped Veterans To Be Placed by USES

The handicapped worker in Jones or any other county will find there are few jobs which he or she cannot fill.

So says Clay Beaver of the Stamford U. S. Employment Service office.

Period of October 6 through October has been set aside, Hamlinites are reminded, as National Employ the Physically Handicapped Week.

Many veterans have returned with service-connected disabilities. These and other handicapped workers deserve opportunity to prove their ability to work. Employers are urged to list jobs with the Stamford USES office, 125 North Swenson, so handicapped vets and others may find employment.

BANK DEPOSITS AT HAMLIN REFLECT STABLE CONDITION

The Farmers & Merchants National Bank of Hamlin had individual bank deposits of \$3,561,492.62 at the close of business September 30, condensed bank statement signed by Clyde R. Angel, cashier, reveals.

Bank deposits reported for quarterly call of official statement were only \$25,261.49 below all-time high of \$3,586,754.11 reported at the close of business June 29 of this year.

Prior to June's report, previous high for deposits was at close of business December 31, 1945, when total was \$3,429,791.08.

Loans and discounts at the F. & M. on September 30 totaled \$748,700.73. Building, furniture and fixtures stood at \$5,000, and other real estate at \$1.

Municipal bonds amounted to \$25,007.55, and Federal Reserve Bank stock was listed at \$3,000.

Quick assets at close of business September 30 include:

U. S. Government Bonds, \$1,506.300.41; bills exchange, cotton \$56,833.97; and cash on hand and due from banks, \$1,356,675.38.

Total resources stood September 30 at \$8,701,519.04.

On the liability side of the ledger capital stock stands at \$40,000 and surplus at \$70,000. Undivided profits tallied \$30,026.42 and deposits were \$3,561,492.62.

Luther McClure Marks Up Points at Aberdeen

Grades of around 98 per cent have been marked up by Private Luther E. McClure of Boyd Chapel, who is stationed at Aberdeen Proving Ground, Maryland.

Private McClure, only 17 years of age, has been at Aberdeen Proving Ground five months. After induction into the Army Luther went to San Angelo, to San Antonio and right on the station in Maryland. He took a mechanic's course and says he likes the Army's testing headquarters mighty fine.

Call 241 and tell your news items.

STATEMENT OF OWNERSHIP, MANAGEMENT, CIRCULATION, ETC., REQUIRED BY ACTS OF CONGRESS OF AUGUST 24, 1912, and MARCH 3, 1933

of The Hamlin Herald, published weekly at Hamlin, Texas, for October 1, 1946.

State of Texas, County of Jones:

Before me, a notary public in and for the state and county aforesaid, personally appeared Willard Jones, who, having been duly sworn according to law, deposes and says that he is the publisher of The Hamlin Herald, and that the following is, to the best of his knowledge and belief, a true statement of the ownership, management, etc. of the aforesaid publication for the date shown in the above caption, required by the act of August 24, 1912, as amended by the act of March 3, 1933, embodied in Section 537, Postal Laws and Regulations, printed on the reverse of this form, to-wit:

1.—That the names and addresses of the publisher, editor, managing editor and business managers are: Publisher, editor, managing editor, business manager, Willard Jones, Hamlin, Texas.

2.—That the owners are: H. G. Lackey, Houston, Texas, and Willard Jones, Hamlin, Texas.

3.—That the known bondholders, mortgagees and other security holders owning or holding one per cent or more of total amount of bonds, mortgages or other securities are: Bowen Pope, Hamlin, Texas.

4.—That the two paragraphs next above, giving the names of the owners, stockholders and security holders, if any, contain not only the list of stockholders and security holders as they appear upon the books of the company, but also, in cases where the stockholder or security holder appears upon the books of the company as trustee or in any other fiduciary relation, the name of the person or corporation for whom such trustee is acting, is given; also that the said two paragraphs contain statements embracing affiant's full knowledge and belief as to the circumstances and conditions under which stockholders and security holders who do not appear upon the books of the company as trustees, hold stock and securities in a capacity other than that of a bona fide owner; and this affiant has no reason to believe that any other person, association or corporation has any interest direct or indirect in the said stock, bonds or other securities than as so stated by him.

5.—That the average number of copies of this publication sold or distributed, through the mails or otherwise, to paid subscribers during the 12 months preceding the date shown above is 1,580.—Willard Jones, Publisher.

Sworn to and subscribed before me this 30th day of September, 1946.—Faye Dean, Notary Public.

TEXAS REGENT

Ruling as queen of the recent annual cotton style show and ball at Texas A. & M. College was blonde beauty Jeanette Hudson of Ola, Arkansas, senior at Texas State College for Women. The cotton ball and fashion show at Texas A. & M. is one of the outstanding cotton events of the Southwest.

Good Rains Fall in All Of Santa Fe Territory

"Rain fell over practically all of this area during the past few days," October 1 agricultural report of the Santa Fe Railway Company states,

"and crop harvesting has been temporarily set back.

"This part of the state," the report continues, "has had enough moisture to greatly benefit late cotton and grain sorghums. How much will be determined by the first killing frost.

"Practically all fruit crops have been harvested. Pastures as a whole are in excellent condition, greening up, and continued good grazing is promised for livestock."

Phone 241 and tell us your news.

GEORGE F. LOVING DIES SATURDAY OF HEART ATTACKS

George Flint (Uncle George) Loving, 74, retired rancher who is well known in this area, died at 7:00 o'clock Saturday evening en route to the Callan Hospital at Rotan.

"Uncle George" had ridden the range all day Saturday with his son, Don Loving, on the Martin Ranch. When he went to the house about 4:00 o'clock Saturday afternoon, he was stricken with a heart attack.

The retired rancher was pronounced dead upon arrival at the Callan Hospital in Rotan after suffering a second heart attack.

Born at Weatherford December 5, 1871, Mr. Loving came to Fisher County as a cowpuncher when 20 years old. He lived in Fisher County 55 years. Mr. Loving bought ranch holdings in Kent and Fisher Counties—which he sold several years ago and moved into town.

Funeral services for the beloved pioneer were held Sunday afternoon, 4:00 o'clock, at Rotan's First Baptist Church. Rev. J. C. Parks, retired Baptist preacher, assisted by Rev. O. T. Brown, Rotan pastor, officiated.

Pallbearers were Ira Branch, Jack Wilhite, Alton Parker, Mark Strickland, R. L. Springer and Parker Kennedy.

Hamlin area pioneer settlers recall well that Mr. Loving was married to the former Clara Smith of Rotan in 1892. He joined the Dowell Baptist Church at the age of 28.

Mr. Loving is survived by the widow; one son, Don Loving of Martin Ranch; a daughter, Mrs. Bettie Seaton of Rotan; three grandchildren, Charles Swan of Chicago, Donald Loving of San Antonio, and Mrs. Pat Marlow of Hamlin; and one great-grandchild, Don Marlow Jr.

Funeral arrangements were directed by McCombs & Cate Funeral Home, and Mr. Loving was laid to rest in Rotan Cemetery.

Interest from the Laity.

"My man" she said, "can you tell me whether this is a female hippopotamus or a male hippopotamus?"

Then the worm turned. The keeper eyed the lady coldly. His tone was metallic.

"Madam," he said, "I don't see how that could interest anyone but a hippopotamus."

(To be continued) (Paid adv.)

Farmers Urged to Turn In Scrap Iron Surplus

Farmers of the Hamlin vicinity and Jones County are being urged by the U. S. Department of Agriculture to comb scrap piles and sell all available iron they can collect.

Appeal to the farmers is in answer to statement from reliable sources that steel production might drop sharply from present 90 per cent capacity rate unless more scrap is available.

All scrap gathered will be utilized in equal amounts with pig iron to supply most of the country's normal production of steel ingots. The government salvage program is so drastic it includes scrapping of 280 obsolete ships.

Mattie Coburn of Abilene will arrive Friday to spend the week-end with her mother, Mrs. Dan Stephens.

ACCEPTABLE WORSHIP

The worship of God must be in spirit and in truth. 1 Corinthians 14:15 Paul said, "I will pray with the spirit, and I will pray with the understanding also; I will sing with the spirit and I will sing with the understanding also." Thus he would have us put our heart and soul into the worship at every opportunity. Jesus said in John 4 that worship must be in spirit and in truth. In John 17 Christ made the statement that the word of the Lord was truth. Thus to worship in spirit and in truth will of necessity be worship according to the word of the Lord, nothing more or nothing less. The word of the Lord presents five things to be done in church worship on the Lord's day. Teaching (1 Corinthians 14:6, 19); praying (Ephesians 6:18 and I Timothy 2:8); singing (Ephesians 5:19; Colossians 3:16); eating the Lord's supper (Acts 20:7; 1 Corinthians 10:16; 11:17-34), and giving (1 Corinthians 16:1-2). When these are done you have done the worship that God commands. Why go beyond what is commanded? Why leave off anything that God has commanded? —J. C. Scott, Minister, Church of Christ.

Mr. Loving is survived by the widow; one son, Don Loving of Martin Ranch; a daughter, Mrs. Bettie Seaton of Rotan; three grandchildren, Charles Swan of Chicago, Donald Loving of San Antonio, and Mrs. Pat Marlow of Hamlin; and one great-grandchild, Don Marlow Jr.

Funeral arrangements were directed by McCombs & Cate Funeral Home, and Mr. Loving was laid to rest in Rotan Cemetery.

Interest from the Laity.

"My man" she said, "can you tell me whether this is a female hippopotamus or a male hippopotamus?"

Then the worm turned. The keeper eyed the lady coldly. His tone was metallic.

"Madam," he said, "I don't see how that could interest anyone but a hippopotamus."

(To be continued) (Paid adv.)

W. L. Boyd Bags Bear.

Mrs. W. L. Boyd was advised by letter Wednesday that her husband, who is on a hunting trip in Northern New Mexico, had bagged a big bear. J. S. Dickey, who accompanied Boyd from Hamlin, had not killed an animal, but they were still trying.

Mr. and Mrs. Tom Evans returned home Sunday after visiting with their daughter, Mrs. Gus Travis, the past three weeks.

REDDY KILOWATT'S five year war record stands out as one of the great industrial achievements of all time. During this period, more than eleven million kilowatts of generating machinery were installed and \$3,000,000,000 was spent for power stations, transmission lines and other facilities.

A total of 300,000,000 kilowatt hours of electric power was generated for war purposes, of which the business-managed, tax-paying electric companies supplied 83 1/3 per cent.

Revenue from the sale of power generated for war purposes amounted to \$2,350,000,000 and almost the same amount, \$2,194,000,000 was paid in direct federal taxes.

Oh, yes! During this five year period, price of electric services by business-managed electric companies was reduced by 11 per cent.

That's freedom of enterprise at work when all the cards are down.

Milton C. Bessire on Way Home from Stay In Pacific Island Base

There was a lot of sunshine this week for Mrs. Aileen Bessire and son, Ronald, of Route 5, Abilene, when they learned their husband and father, Captain Milton C. Bessire of Hamlin, had been processed at the Replacement Command Disposition Center near Manila, Philippines Islands, for return to the United States and release from service.

Captain Bessire, son of Mr. and Mrs. R. E. Bessire of Route 2, Hamlin, entered the Army in January, 1945. Bessire arrived overseas on Leyte in September, 1945, to serve with the 4th General Hospital near Manila.

Army headquarters at Paranaque, Luzon, Philippine Islands, reports Captain Bessire wears the Asiatic-Pacific Theater Ribbon, American Theater Ribbon, Philippine Independence Ribbon and the World War II Victory Medal Ribbon.

PRINTING ERROR ON SUGAR STAMP 51 CREATES RUMPUTS

Dozens of people in the Hamlin area and over West Texas seeking to trade in sugar stamp No. 51 have run up against a stamp OPA has to take the blame for.

Through a printing error, many of the No. 51 spare stamps bear only the numeral 5.

The books, it seems, were distributed in West Texas before Office of Price Administration officials realized the printing error. The stamp for the precious commodity—sugar—became valid September 1. No expiration date has been announced.

An OPA official informs The Herald that printing of the nation's ration books was farmed out, and it just so happens that the error went out in books distributed here and elsewhere over West Texas.

Any ration book holder whose spare stamp No. 51 turned out to be a non-valid piece of paper should send the book, together with the faulty stamp, and application for a new book to OPA officials.

Hitch in the present sugar stamp setup is that the Office of Price Administration cannot allow stores to honor the faulty No. 5 stamp because there is another No. 5 regular stamp in the book which will not be utilized for sugar—but which would leave a loophole for misrepresentation.

Camp Fire Girls to Attend Stamford Meet

All Hamlin Camp Fire Girls are urged to attend a special gathering of Jones County Camp Fire Girls that will be held Sunday afternoon, October 20, beginning at 4:00 o'clock at St. Paul's Methodist Church.

Advancements will be presented at the October 20 conclave and each Camp Fire Girl is asked to take a gift to be sent to Camp Fire Girls overseas. Each gift should have the girl's name and address attached, and something about the girl's age and town in each parcel.

Hamlin, with approximately 100 Camp Fire Girls, is slated to send a large delegation to the Stamford gathering.

Bluebirds constitute the small girls' group in Hamlin; Camp Fire Girls the middle group; and the seniors are in the Horizon unit.

All age group girls are invited to Stamford October 20, whether they are coming up for advancements or not.

Zelma Cohorn, who entered a Stamford hospital Saturday for a floor operation, returned home Monday afternoon. She is reported to be progressing nicely.

Gillispie Transferred to Shell McCamey Station

Attached to the Shell Pipe Line Company's maintenance crew here for the past six years, K. L. Gillispie has been transferred to McCamey, where he is a tank farm gauger.

Mr. and Mrs. Gillispie and their four children moved to McCamey Thursday. Ralph, Martha Kay, Donald and Mary Helen have already entered McCamey Schools. An older boy Philip, is in the U. S. Navy, somewhere on Guam, and holds the rating of fireman second class.

Shell's Hamlin maintenance crew has two new transfers this week.

B. F. McIntyre was transferred here from the Denver City crew, and J. L. Galey was transferred here from the Roberts maintenance crew.

Mr. and Mrs. John Jenkins and son, Jimmy, of Hobbs, New Mexico, are visiting the mother of Mrs. Jenkins, Mrs. Lola Harbert, and parents of Jenkins, Mr. and Mrs. O. L. Jenkins.

Johnsons Visiting with Relatives at Hamlin

Mr. and Mrs. Curley Johnson and daughter of Carrizozo, New Mexico, are visiting Mrs. Johnson's parents, Mr. and Mrs. Otto Welch, and other relatives.

Johnson, well known picture studio owner, formerly operated a studio at Snyder and one at Sweetwater. He has a studio at Roswell, New Mexico, and the couple has a ranch near Carrizozo.

A. H. Evans is visiting his sister, Mrs. Gus Travis, and family this week.

POT-SHOTS FROM McCaulley

BY GEO DARDEN

They do'd it again. Yes, McCaulley High football team defeated Sylvester last Thursday night by score of 37 to 19. The game was played under the lights on the Roby gridiron. A large crowd from McCaulley Sylvester and Roby witnessed the game. Russell Kidd, captain of the McCaulley Eagles made the first touchdown running through all the Sylvester team like a tornado. McCaulley's team work for the most part was perfect, good blocking as well as end runs, passing and through the line plays. Sylvester scored late in the third quarter from a long pass, Montgomery carrying the ball over. Late in the fourth quarter as McCaulley was leading by a score of 37 to 6 Coach Wayne Webb pulled the entire first string and sent in his substitutes, all freshmen and "midgets" for the most part and playing their first year. Two of the backfield, Ray Lawlis and George Darden Jr. weighing less than 70 pounds. Sylvester made two touchdowns on the "mighty mites" but the little fellows displayed plenty of fight and good coaching. The home town fans went wild when the freshmen replaced the first string and though they failed to score against Sylvester they got plenty of cheers from the side lines and it was a game that they all will remember—their first real game to play in. Hooper Sheton, owner of Roby Star-Record, with his brand new camera made flash pictures of the game and many of the shots will no doubt appear in this year's annual.

Mrs. Jack White and daughters of Hamlin visited Mr. and Mrs. Jack Griffith Sunday. Also visiting in the Griffith home was their daughter Sybil Stevenson from Rutan, Mr. and Mrs. Gerry Wells and daughters from Hamlin and Mr. Griffith's sister and husband from Roby.

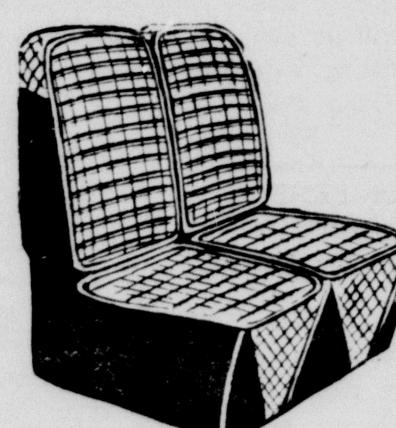

Mr. and Mrs. C. E. Dick Jr. from Crosbyton visited last week in the

HERALD SELECTED
FOR NEW PHILLIPS
ADVERTISING DRIVE

Farmer's Cooperative Station, Hamlin distributor of Phillips 66 products, said today that Phillips Petroleum Company has expanded its advertising program to a point where it now includes approximately 1,000 newspapers throughout the Middle West. The Herald has been included in the Phillips campaign.

During the past year Phillips has added a number of general merchandise to the conventional petroleum products sold through dealer stations. Household appliances such as refrigerators, radios and washing machines, hardware items, fishing tackle and sporting goods and stock remedies are among the products now being merchandised by the company.

Until the time when the manufacturers of these items are able to fulfill the demands of all dealers, Phillips newspaper advertising will continue to feature gasoline and motor oil, the company's principal products, the local distributor says.

HERALD Want Ads Get Results.

Massey-Harris Tractor
Seat Gives Soft Riding

Back breaking and aching jolts and jars have been taken out of farm tractor driving by Massey-Harris, reports Exell Williams, Hamlin Massey-Harris tractor dealer.

The new "velvet ride" Massey-Harris tractor combines the shock absorbing and stabilizing effects of a double-action shock absorber, Williams states. The hydraulic shock absorber cushions the up and down action of the coil spring while the pivot and stabilizer bar control side sway.

Massey-Harris is reportedly the first large tractor maker to provide passenger car driving comfort for the average farmer, who spends an estimated 865 hours a year on a tractor.

Complete information on the new Massey-Harris tractors can be obtained from Williams.

Bonnie LaRhe Black left Tuesday for Junction City, Kansas, to visit until Christmas with Captain and Mrs. J. C. Lewis.

Mr. and Mrs. A. R. Hamlin and Mr. and Mrs. E. W. Erckert are in Dallas this week attending the State Fair of Texas.

Get your Typewriter Ribbons at The HERALD.

PIPER DRUB SPUR
26-7 FRIDAY NIGHT
IN THIRD GRID TILT

With a tremendous burst of power in the last half, the Hamlin Pied Pipers trounced the Spur Bulldogs, 26-7 last Friday night at Bulldog field. The Pipers, playing heads up ball all the way, are beginning to be noticed in this district and are showing every one that they are out to make a bid for the district crown.

Brad Rowland, steller back from Hamlin, again made himself outstanding for the home team by running over two of the counters and passing another to Doyle Dean, who played a great game with his running, blocking and pass receiving. Billy Jack Owens, right half-back for the Pipers, ran over the final tally after the ball had been advanced to the 15-yard line.

Outstanding in the line for the Hamlin squad, were Sedberry, Weir, Crowley and Riley, who intercepted a Bulldog pass to set up the first Hamlin touchdown.

Office supplies at The HERALD.

Hamlin Recruits Count
In Over-Quota Record

Several Hamlin area recruits for the Army were included in the 76 men reported by the Abilene Recruiting office for the month of September.

Captain Wayne Hall, commanding officer of the Abilene Army Recruiting Office, has announced that the Abilene area, composed of Taylor, Jones, Haskell, Nolan, Fisher and Stonewall Counties, has surpassed the quota assigned it by headquarters in Dallas by enlisting 76 men in the new regular Army for the month of September. Captain Hall also revealed that the Abilene main station was the only station in the Dallas district to meet the quota set by headquarters.

Mr. and Mrs. Bill Harbert of Abilene were Sunday visitors here.

Jury Fails to Agree Over Negro Case

EARL LEE SMITH CLAIMS SELF DEFENSE IN SEPTEMBER 4 KILLING OF DANSBY

After deliberating until 8:30 o'clock Tuesday evening, a jury in 104th District Court at Anson reported itself unable to agree on a verdict in the murder trial of Earl Lee Smith, Hamlin negro.

Judge Owen Thomas declared a mistrial in the case, Esco Walter, district attorney, reported.

Smith appeared before the court Monday facing a charge of murdering Sam Dansby, another Hamlin negro, on the night of September 4, 1946, in Hamlin. Smith had entered a self defense plea.

Smith testified that he shot Dansby in self defense. He said he and Dansby got into an argument on the night of last September 4 over a pint of whiskey. Smith alleged Dansby lunged at him with a knife. Smith declared he took his own pistol and shot Dansby three times.

J. H. Foster, Hamlin chief of police, a state witness, testified he arrested Smith on the night in question and took a gun from him.

Another state witness, Dr. C. V. Callan of Rotan, said he had examined the body of Dansby and attributed his death to gunshot wounds.

Jurors in the case were Norman Sloan, Fred Horton, M. H. Barker, all of Hawley; J. F. McCulloch of Stamford; Clyde Tidwell, A. H. McIlwain, Roy Harrison and N. H. Touchstone, all of Anson; T. O. Stephenson and T. A. Tucker, both of Merkel; R. L. Vinson of Merkel and Perry May of Hamlin.

Court, when it reconvened Wednesday, heard please entered by two defendants in a burglary case

40-Cent Cotton Comes On Heels of Estimate

Hamlin sector and Jones County farmers Wednesday saw the 40-cent cotton dreamboat appear over the horizon, but what it will mean to men's white shirts and underwear is anybody's guess.

Wednesday's December quotation on stock market exchanges was the highest in a quarter century.

The U. S. Department of Agriculture reported Wednesday a crop estimate of only 8,724,000 bales—a drop of 447,000 bales below the September guess.

Demand for cotton goods is unprecedented and carry-over stocks of cotton from previous years' production is far below the average.

Ted Russell and Baize On Hunt for Antelope

Ted Russell, Hamlin banker, and Sam Baize of Stamford left Tuesday for Culberson County on an antelope hunt.

No word had been received late Wednesday from the duet of Jones County hunters, who expect to bring back some "table groceries" in the form of antelope meat.

JIMMY KIDD GETS \$30,000 IN AGREED CASE FOR INJURY

In an agreed verdict reached last Thursday at the district court in Anson, Jimmy Kidd, 18, of Hamlin, was awarded \$30,000 in damages from the Santa Fe Railway Company for loss of a foot last June 13.

Jimmy, son of W. C. Kidd of Hamlin, was a member of a Santa Fe crew operating out of Hamlin, and had his foot crushed at Medicine Mound, five miles south of Chillicothe, in switching operations.

Jimmy was between freight cars during uncoupling work when the train started and caught his foot under a wheel.

He was rushed to a Quanah hospital, but the foot was so badly mangled amputation was necessary. The foot was taken off three inches above the ankle.

W. C. Kidd, a long-time Hamlin resident, was a railroad brakeman and conductor for 39 years. He retired last year.

WAR SERVICE BOOK READY AT HERALD FOR DISTRIBUTION

Jones County's War Service Book, containing the pictures and histories of Hamlin area and Jones County people in World War II service, has been received by The Herald.

Those who ordered their service books in advance are asked to call by The Herald office for the volume, which carries short biographies and excellent pictures of our men and women who served in each branch of the armed forces.

Pictures of men and women sent in for the Jones County Service Book are available at The Herald office.

The Herald cooperated with Stamford and Anson newspapers to have the volume published. Publication was by Greenbelt Publishing Service at Vernon.

Several extra copies of the book have been received, but the volume cannot last long at the rate being delivered this week.

Little Small Grain Has Been Planted in Area

A check this week by The Herald reveals very little small grain has been sown in the Hamlin area.

Wheat, this territory's principal small grain cash crop, will be drilled in, growers state, when the ground gets a little colder so wheat can get a good growth ahead of wild rye and weeds.

Wheat land around Hamlin has been broken and is in excellent shape for seeding. Need however, of getting the grain up in clean condition is causing producers to wait before starting seeders to hummus.

Wheat on the Chicago market closed Tuesday at \$2.04 per bushel for January.

Hamlin Station Makes Tailored Seat Covers

Something entirely new for Hamlin is the making of tailor-made seat covers by the McCoy Service Station. Dawson McCoy, in general charge of making the seat covers, has had six years experience in this business. He attended a special upholstering school and finished first out of a class of 130 students.

Some seat covers being made to order are acid proof. The operators have a variety of materials for the motorist to choose from, including straw plaid and leatherette goods.

Price Controls Not to Be Removed from Meat

In a statement for local release, Secretary of Agriculture Clinton Anderson informs Hamlin people that price controls will not be removed from meat.

Secretary Anderson says no further increase in the price of farm products can be expected at this time.

Hamlin FFA Boys' Stock Wins at Fair

ELTON BRIGHAM'S JERSEY COPS GRAND CHAMPION IN CLASS AS OTHERS PLACE

Headed by T. J. May, chapter adviser, 47 Hamlin FFA boys returned Sunday afternoon from Dallas, where the group Saturday attended the State Fair of Texas.

The Hamlin boys had plenty to be happy over, for the Junior Jersey Show entry of Elton Brigham copped first place and the grand championship. Elton's entry, Rosette, won first money of \$20.

In all the Hamlin FFA boys won \$105 in the Jersey show Saturday.

Jones County herd, consisting of entries by Elton Brigham, Weldon Townsend, Kenneth Holloway, Callens George and Lawrence Long, copped first place award of \$50.

Individual winnings of Hamlin FFA members at the State Fair of Texas were: Elton Brigham, first and grand championship, with Rosette, \$20; Weldon Townsend, first with Lassie, \$20; Kenneth Holloway, second with Royal, \$18; Callens George, third with Dream \$15; and Lawrence Long, fourth with Sammy, \$12.

Saturday was Farm Youth Day at the State Fair and the Hamlin group joined in with 3,000 4-H Club boys from over the state in taking in the fair.

Hamlin School furnished a bus for the group to make the trip to the fair.

Dean Gets McCaulley School Building Project

J. F. Dean of McCaulley has been awarded contract for building the McCaulley School gymnasium and two classrooms, The Herald learned Wednesday.

Dean was awarded contract for the structure on a bid of \$42,700. Work will get underway next week and is due to be finished in 140 working days.

To be located south of the present building, the gym and two classrooms will be in the form of a 98x90 brick building with a truss top.

Considerable interest is being shown by McCaulley people in a new gym and additional classroom space to accommodate the "overflow" in school students.

DIRE WANT STILL HAUNTS POLAND FOLKS

Life in Poland is still far from normal. Bronisława Samiec has 12 acres of land, but the war took her husband, her farm house and all her animals. She and her four children live in a straw lean-

HAMLIN WILL MEET THROCKMORTON AT HOME FRIDAY NIGHT

In the second conference game of the season, the Hamlin Pied Pipers will meet the Throckmorton Greyhounds at Piper Stadium, 8:00 o'clock Friday night.

Scheduled to be one of the best games in the district, the home team will be fighting for its second conference win, while the Hounds, tying Munday last week, will be gunning for their first win.

The Hamlin team is in fine condition and is expected to put out a good showing for the home folks. Coaches L. B. Howard and Marvin Carlton have the boys in good shape and say they are not only going to win this game but the rest and take the district crown from our neighbors to the southeast.

With three district games in this district last week, things are beginning to shape up and it looks as if this will be one of the tightest fights for the crown that has been shown in the past few years.

Minus the service of Troy Rogers, the Anson Tigers, last year's winner, beat the Haskell Indians, 18-0, Stamford ran over Albany, 49-0, Hamlin licked Spur in a non-conference game and in the surprise game of the district, Throckmorton tied Munday in one of the most thrilling games of the district.

Two and Half Miles of Highway Gets Topping

Beginning at McCaulley and coming toward Hamlin, two and one-half miles of the Hamlin-McCaulley highway have been "hot topped."

Rainfall Tuesday and early Wednesday will halt asphalt work for a couple of days, but people of this area are glad to see paving started on the vital farm-to-market Highway 57.

After initial paving this week, only about five and one-half miles remains to be paved before the McCaulley-Hamlin stretch is an all-weather, all purpose thoroughfare.

Hughes Men's Store Is New Concern in Hamlin

Hughes Men's Store, across the street from Hamlin post office, will open Saturday and the general public is invited to inspect the stock of merchandise on hand.

Merchandise will range from men's good used suits and school supplies to tobaccos, notions and new ties and men's socks.

Truby Well Would Open New Region

FOR THAT HOT MAIL

Ardent lovers who like messages with "sugar and honey dripping," people who bought mail-order merchandise they do not like and those who bought stocks that went down instead of up have good news this week.

A salesman passing through Hamlin had a sample of non-inflammable envelopes, which, by the way, are now on the market. The envelopes will be a blessing, too, to those who may belong to lonely heart clubs, etc.

OVER FOUR INCHES RAIN FALLS FIRST OF WEEK IN REGION

With small streams fed Tuesday and early Wednesday morning by 2.36 inches of rainfall, water at Hamlin Lake south of town was running two feet over the spillway Wednesday.

Rise from Tuesday's rain and moisture received through Wednesday morning is expected to cause water to go over the emergency spillway also at Hamlin Lake.

Lakes even Tuesday in west of town were full of water. Sunshine broke through the clouds Wednesday afternoon and gave Hamlin people a recess from "East Texas" weather that has banked this vicinity since October 5, but 1.41 inches more of rain fell Wednesday night to bring the October total to 4.76.

October rainfall by days, as reported by the city pump station, follows:

October 5.....	.02
October 6.....	.56
October 7.....	.03
October 8.....	2.36
October 10.....	1.41

ALL HAMLIN LAKES GO OVER SPILLWAYS WITH WEEK'S RAINS

Hamlin's water supply has been strongly replenished this week for the Hamlin Lake, six miles south of town, the Old Lake and Moore Lake, west of town, were running over Wednesday afternoon.

Wednesday afternoon at 3:00 o'clock water was going over the spillway at Hamlin Lake slightly more than two feet.

Both lakes west of town and the Hamlin Lake had been fed by slow rains since October, and turbulent, sloping rain water had brought quite a bit of debris—such as weeds, grass and small driftwood—into the lakes. Overflow is expected to greatly clear the water and wash debris to the shoreline.

With water supplies at a low level during the summer, considerable patches of weeds and sunflowers had grown around lake edges but the October rainfall is expected to stop a lot of vegetation growth.

Lee Roy Daniel Among Surplus Goods Buyers

Lee Roy Daniel of Hamlin, veteran of World War II, is listed this week among successful purchasers at a two-day sale of surplus used motor vehicles conducted by the War Assets Administration at Camp Hood.

Daniel, The Herald learns, purchased a 1942 model Harley Davidson motorcycle for \$289.

The sale, exclusively for ex-service men who held certificates from the WAA for motor vehicles, resulted in the disposal of 369 vehicles recently declared surplus to the needs of the Army at Camp Hood. The sale was the most successful of any held by WAA since early spring.

PIPE CEMENTED AT 2,680 FEET IN GUNSITE OIL STRATA BY DELTA DRILLING FIRM

Area operators this week turned attention to the Truby community, where promise of a new Jones County pool is indicated two miles north of Truby at Delta Oil Company's No. 1 Grove, 330 feet from the north and east lines of the 200-acre Grove fee on the east side of John W. McKissick Survey 204.

Pipe was cemented, The Herald is informed, at 2,680 feet in the Gunsite, above total depth of 2,681 feet.

Oil began rising in the well as soon as the pay was reached, at the rate of four barrels an hour, and was carried in the hole as casing was underreamed to top of the pay. Drilling was stopped after one and a half feet of pay had been cut.

Five miles southeast of Hamlin, Bennett & Sorrells No. 1 H. W. Carter, 3,000 foot cable tool test, was drilling ahead below 600 feet.

The Bennett & Sorrells No. 1 Carter is located 330 feet from the north and east lines of Subdivision 27, Austin & Williams Survey, League 339.

At latest report, operators were still undecided as to just how far they would take Skelly Oil Company's No. 3-A D. O. Huddleston. Drilling was progressing below 4,567 feet after taking another drill stem test in the Palo Pinto.

The second test in the formation was taken from 4,477-91 feet after a core of two feet and nine inches was taken between 4,481-91 feet and some oil staining.

On two-hour test through 5-8 inch choke, the well showed gas to the surface at the end of one hour with recovery of 90 feet of oil and gas and mud, 180 feet of muddy water and 3,679 feet of salt water from a total depth of 3,945 feet of fluid.

In the meantime, two other tests of the Palo Pinto had started, but neither test had drilled deep enough for utilization in correlation.

They were the second offset to the Huddleston discovery well, the Skelly Oil Company No. 2 D. O. Huddleston, 3,209 feet from the north and 2,665 feet from the west lines of Section II, Block 19, T & P Survey, and the new wildcat about three miles north of the Skelly block, Horne Oil Company No. 1 J. W. Wheeler Jr., 330 feet from the north and east lines of George Creath Survey 221.

The Truby strike marks the first operation of the Houston company in this country. Sub-surface geology was worked by H. B. Poff of Fort Worth and constituted his initial work in this territory.

After Delta's No. 1 Grove was put on the swab, it kicked off and flowed across the pits. Early estimates indicate 100 barrels daily. Well will be completed natural at present depth. After drilling of casing plug, operator is of the opinion the well will flow, but if not it will be completed as a pumper.

Five miles north of Merkel completion is being awaited at Jones County's first Strawn Sand production, R. H. Ro

OF INTEREST TO WOMEN

Ernestine Gardner and J. C. Hodnett United

Ernestine Gardner daughter of Mr. and Mrs. W. A. Gardner, and J. C. Hodnett son of Mr. and Mrs. H. C. Hodnett, were married last Thursday afternoon, 3:00 o'clock, at the parsonage of Rev. John Osteen, Hamlin First Baptist Church pastor.

Attendees at the wedding were Mrs. Charles Gardner and Mrs. O. H. Weaver.

The bride chose a grey dressmaker suit with brown accessories. Her corsage was of yellow daisies.

Mrs. Hodnett is a 1944 graduate of Hamlin High School, while the groom graduated from Hamlin in 1942.

After a brief honeymoon spent at Lubbock the couple will make their home at Neinda.

Alta Willis Marries Luther Haught Sunday

Alta Willis, daughter of Mr. and Mrs. S. P. Willis of Hamlin, and Luther J. Haught, son of Mr. and Mrs. M. L. Haught, also of Hamlin, were united in marriage Sunday afternoon at Abilene.

The couple was married by the state's largest justice of the peace, Don Ward, at his home, 618 Butter-nut.

For the wedding the bride chose a light grey suit with black accessories. Her corsage was of pink carnations.

Bride is a 1945 graduate of Hamlin High School. She attended North Texas State Teachers College at Denton.

The groom, an employee at Duncan Foods, is a graduate of McCauley High School. He served three years in the Navy, and received honorable service discharge March 25 of this year.

Woman's Literary Club In Year's First Meet

Woman's Literary Club of Hamlin elected the new president, Mrs. O. D. Roland, at a luncheon in the home of Mrs. W. A. Albritton. Mrs. Henry Albritton and Mrs. H. O. Cassle were assistant hostesses.

Autumn flowers were decorations, and autumn leaves of green, gold and brown were place-cards. A musical arrangement of waltzes was played throughout the luncheon hour.

Mrs. Tarlton Willingham responded to an address by Mrs. Roland. Yearbooks were presented by Mrs. Jim Howard King, chairman of the yearbook committee. Course of study for the year is "Book Reviews and Programs from General Federation." Roll call for the day was answered with "something I have read."

New members welcomed were Mrs. John F. Green Jr., Mrs. Lovel Stell, Mrs. Fred B. Moore Jr., Mrs. Clifford Reynolds Jr. and Mrs. Stanley Carmichael.

Officers for the year are: Mrs. Roland, president; Mrs. Willingham, first vice president; Mrs. King, second vice president; Mrs. E. J. Whaley, recording secretary; Mrs. Thomas Ferguson, corresponding secretary; Mrs. R. D. Moore, treasurer; Mrs. John D. Ferguson, reporter; Mrs. Clyde Angel, parliamentarian; Mrs. W. L. Boyd Jr., critic; Mrs. H. O. Cassle, librarian; and Mrs. Joe McCrary, musician.

Mr. and Mrs. Virgil Morse and daughter, Reta Dean, of Lakeport, California, have been visiting the Everett Townsleys.

Ida Frances Robertson and Naomi Young, students at Hardin-Simmons University, Abilene, were week-end visitors with Miss Robertson's parents, Mr. and Mrs. T. C. Robertson Sr.

LITERARY CLUB HEAD

New president of the Woman's Literary Club here for the ensuing year is Mrs. O. D. Roland. Mrs. Roland was honored at a luncheon given at the home of Mrs. W. A. Albritton.

Abilene Party Given For Bride-Elect

A number of Hamlin residents were in Abilene Friday evening to join Abilenians at a party given by Mrs. W. F. Martin of the Martin Ranch, north of Hamlin, and her niece, Mrs. Theron Guffey of Abilene, to compliment Edwina Gilbert of Hamlin.

Marriage of Miss Gilbert and Charles E. Holder of Little Rock, Arkansas, is to take place in the early fall, the date to be announced later.

Miss Gilbert, graduate of the School of Music of Southern Methodist University, Dallas, has been studying at the University of Michigan, Ann Arbor, for the past 18 months.

Edwina is a member of Mu Phi Epsilon, national music sorority, and Beta Theta chapter of Beta Sigma Chi. She is the daughter of Mrs. W. H. Gilbert of Hamlin, member of a long-time West Texas family.

Mr. Holder is an employee of the Standard Oil Company, and the couple will make their home in Elizabeth, New Jersey.

The party was in the Guffey home, 1936 South 11th, where Mrs. E. L. Yeats of Hamlin presided to pour tea from a table overlaid with Normandy lace and appointed in silver. She was assisted in serving by Mrs. Arline Morgan, Hamlin. Others in the house party were Mrs. Gilbert, Mrs. Gordon Bennett and Mrs. Onis Crawford.

Included in the guest list were a number of Miss Gilbert's former piano pupils.

The list included Mrs. A. A. Hackley, Mrs. Willard Maberry, Mrs. L. H. McBride, Mrs. J. C. Turner, Mrs. Ray Willingham, Mrs. Bill Roundtree, all of Hamlin, Mrs. J. F. Morrison, Nancy Craig Lasley, Mary Ann McCollum, Hortense Phoenix, Diane Carlton, Margaret McBride, Mrs. Gaines Shults, Mrs. E. L. Ganey, Mrs. E. E. Traweek, Mrs. Dennis Manly, Mrs. M. A. Walker, Mrs. Larry Adamson, Mrs. M. A. Grisham, Mrs. Jerome L. Gunn;

Mrs. U. C. Harwell, Mrs. A. S. Hawes, Mrs. J. B. Jordan, Mrs. L. M. Touchstone, Mrs. Hollis Manly, Mrs. Dan Parrish, Billye Jo Parrish, Mrs. Edmund Yates, Mrs. J. M. Cox, Mrs. John Hutto, Mrs. John W. Ite, Mrs. John Hardesty, Mrs. Boo Morrison, Mrs. Ira L. Guffey, Mrs. Earl Less, Mrs. Bill Harbert, Mrs. Tommy Ellis, son and Mrs. Guffey's mother, Mrs. Ada Hartsough.

How women and girls may get wanted relief from functional periodic pain

Cardul is a liquid medicine which many women say has brought relief from the cramp-like agony and nervous strain of functional periodic distress. Here's how it may help:

- 1 Taken like a tonic, it should stimulate appetite, aid digestion, thus help build resistance for the "time" to come.
- 2 Started 3 days before "your time", it should help relieve pain due to purely functional periodic causes.

Try Cardul. If it helps, you're glad you did.

LOOK INTO this 2-way help! CARDUI

McCauley Women Elect Club Officers

In a semi-monthly meeting the McCauley Home Demonstration Club convened in the home of Mrs. Ray Maberry at Blastero, elected officers for the ensuing year. A demonstration was given by the agent, Mrs. Delma Boles of Roby.

Club officers elected were Mrs. Ray Maberry, president; Mrs. Willie Fancher, vice-president; Mrs. Joe Miers, secretary-treasurer; Mrs. Glen Henderson, council representative; and Mrs. Leroy Prather, reporter.

Following officer election, the home demonstration agent demonstrated the making of quick breads. Demonstration was thorough and was made easy for club members to follow, by watching procedure from beating of eggs to mixing of ingredients.

With enthusiasm for her work, Mrs. Boles as new agent will doubtless have a very successful year's work ahead, club attendants stated.

Members present for the semi-monthly gathering were Mrs. Levi McCollum, Ben Kemp, Dick Maberry, Frank Kemp, Della Fancher, Nellie Mustain, O. C. Prather, Melvin Henderson, Roscoe Perryman, Joe Miers, George Darden, Viola Hendon, Ted

Abbott, Happy McHone, Glen Henderson, Ray Maberry, Fred Hemphill, Horace Barton and J. A. Jackson.

The hostess, assisted by her sister, Mrs. Hemphill, served a delicious refreshment plate. Next meeting, it was announced, will be held November 2 at home of Mrs. Dick Maberry of Hamlin.

Willoughby Walker and Geraldine Helms Wed

Willoughby C. Walker and Geraldine Helms, former Hamlin couple, were united in marriage September 14, 8:30 o'clock, at Brownwood. The Herald learns this week.

Walker, well remembered here, is employed at Montgomery Ward & Company's Brownwood office in the shipping department.

The couple is making their home in Brownwood at 1009 Malwood.

A. S. Burns Announce First Grandchild

Mr. and Mrs. A. S. Burns, long-time residents now at San Diego, California, are announcing the arrival of their first grandchild, Jay Burns Reed. Jay Burns was born September 12, Laramie, Wyoming, to Mr. and Mrs. J. O. Reed. Mrs. Reed is the former Beulah Lou Burns of Hamlin.

Incidentally, Mrs. Burns sends her Herald renewal for another year and wishes the new Herald force well.

Mrs. Eddie L. Horne and sons, Danny and Frankie, of Belen, New Mexico, are visiting Mrs. Horne's grandmother, Mrs. Dan Stephens.

ROTARY CLUB TOLD GROWTH OF CAMP FIRE GIRLS IN AREA

"Rapid growth of the Camp Fire Girls in this area is reflected by the fact 24 months ago we had only three towns in this area. We now have 10 area towns and 1,056 Camp Fire Girls in our organization," Mrs. Fred Stockdale of Haskell, area CFG field executive, told Hamlin's Rotary Club Wednesday noon.

Continuing, Mrs Stockdale pointed out that Hamlin now has 100 girls in the Camp Fire Girls. Area goal by January 1, 1947, is 1,500 members.

A camp fund of \$1,000 is included in the 1947 CFG budget, Rotarians learned. A new field worker is to be provided for in the 1947 budget.

Mrs. Odelle, extension chairman for the Camp Fire Girls area, also of Haskell, told the Rotary Club of the need for leadership for the girls' organization. Mrs. Tom Teague of Hamlin introduced the two visiting CFG officials.

New Rotary Club member is Harold Williams, recently elected Hamlin High School principal.

Club guests were Rev. Miles Hayes, Baptist minister of Stamford; Cepha Chenoweth, E. W. Berry and Ollie McMinn, all of Abilene; Mmes. Fred Stockdale, Tom Teague and Odelle.

Phyllis Richardson of Senior Class Named Sweetheart for FFA

Added attraction of the senior box supper staged Monday evening at the Hamlin High School auditorium was announcement that Phyllis Richardson, candidate of the senior class, won the Future Farmers of America sweetheart race.

Phyllis won by a very narrow score over the freshmen's choice, Patsy Parker.

Four class nominees were called to the front and introduced by Dan Jones, second vice president of the Hamlin FFA chapter.

T. C. Blankinship announced that the boys had raised a total of \$257.39 by the contest, and that it would be used for improving and better equipping the Hamlin Vocational Agriculture Department.

Members of the Hamlin FFA chapter wish to thank each individual who contributed money in the FFA sweetheart contest and helped the vocational agriculture department of the local school.

Hershell Prindle, a student and member of the faculty at North Texas State Teachers College at Denton, was here through the weekend visiting his mother.

Mrs. W. C. Calhoun and son of Moody visited her sister, Mrs. H. M. Hooper and Mr. and Mrs. E. R. Hamlin, over the weekend.

R. W. WEAVER, 81, DIES SATURDAY AT HOSPITAL IN ROTAN

Final rites for R. W. Weaver, 81-year-old retired farmer, succumbed Saturday morning, 9:15 o'clock, in Rotan's Callan Hospital of a heart attack.

Mr. Weaver, who had recently been living with his children at McCaulley, entered the hospital last Thursday. Death was attributed to a heart attack.

Funeral services for Weaver were held Sunday afternoon, 3:00 o'clock, at Hamlin Assembly of God Church. Rev. Paul Joiner, pastor, officiated.

Mr. Weaver, a retired farmer, was born April 10, 1865, in Mississippi. He was married in 1882 to the former Emily Jones, who passed away in 1943. The couple came to Texas in 1900.

Weaver was converted in 1883, and became a member of the Methodist Church. His many friends and neighbors recall happily that he was very active in serving the church any way he could.

Old-timers recall that Mr. Weaver farmed for a number of years near Anson, but recently had been residing at McCaulley.

Surviving Mr. Weaver, are six daughters, Mrs. R. E. Ewing of Hamlin, Mrs. W. A. Taylor of Wichita Falls, Mrs. J. B. Green and Mrs. R. E. Murphy, both of McCaulley, Mrs. Nellie Nichols of Eunice, New Mexico, and Mrs. R. E. Dunham of Albany; three sons, R. M. Weaver and J. R. Weaver of McCaulley, and J. F. Weaver of Hamlin; 59 grandchildren, 58 great-grandchildren and six great-great-grandchildren.

Lawson Funeral Home of Anson directed arrangements, and interment followed in Funton Cemetery, six miles east of Anson.

Katy Testing Radios in Key Yards at Denison

Of keen interest to people of this area served by the Missouri-Kansas-Texas Lines is a series of short-wave radio communication tests being conducted in the railroad's Ray Yard at Denison.

Representatives of the Aireon Radio Corporation are in charge of the tests, which permit direct communication between yard locomotives and the yard office. Two months ago the Katy conducted tests of such radio sets made by another firm. When tests are complete, Katy officials will decide whether or not yards in the system will be equipped with short wave radio communication.

REV. JOHN OS TEEN, Pastor

Jack R. Ellison Returns To Hardin-Simmons As Member of Faculty

Jack R. Ellison son of Mrs. J. W. Ellison of Hamlin, has been added to the Hardin-Simmons University faculty at Abilene President Rupert N. Richardson of the university announces.

The Hamlin man will teach in the H-SU physical education department, specializing in archery.

After he served more than three years in the U. S. Army Medical Corps, Ellison returned to Hardin-Simmons to complete his BA degree in physical education. He played left guard on the 1946 Cowboy team.

Ellison is known to his friends as "Cactus Jack." He is rated one of the best all-around athletes on the H-SU campus. He excels in swimming, is a good softball pitcher, good at baseball and can hold his own on the tennis court.

The Hamlin man is also president of the Young Married Couples Sunday School Class at the University Baptist Church.

Jessie Myers Brings Back Another Win at Breckenridge Rodeo

Attractive Jessie Myers of Hamlin, daughter of Mr. and Mrs. Reagan Myers, freshmen at Hardin-Simmons University, Abilene, added another laurel to her rodeo crown of glory last week by winning first place and a hand-made saddle at the Breckenridge Rodeo, staged last Thursday through Saturday.

Miss Myers has amassed a total of 13 firsts out of 15 entries in West Texas rodeos this year. She placed second in the cowgirl sponsor contest at Midland and third at the Texas Cowboy Reunion at Stamford.

Jessie has been elected to ride one of the six white horses at H-SU to lead the Cowboy Band. She has taken her horse to Abilene with her, and will keep her prized mount in good training condition.

Jessie's mother was with her from last Thursday through Saturday at the Breckenridge Rodeo.

Lorene Matecha, Polio Victim, Fast Recovering

Mr. and Mrs. Wade Farrell and son, Don, of Odessa, have been here this week visiting the Bill Millions.

Mr. and Mrs. Farrell are happy to report that Lorene Matecha, formerly of Hamlin, is well on the road to recovery from an attack of polio.

A physician at Lubbock diagnosed Lorene's illness as a blood infection. She is the daughter of Mr. and Mrs. R. L. Matecha, now at Odessa. Lorene has recovered to the extent she has been taken home.

Elizabeth Butcher, student at North Texas State Teachers College, Denton, visited her parents, Mr. and Mrs. C. F. Butcher, and friends over the week-end here.

Sentinels of Health

Don't Neglect Them!

Nature designed the kidneys to do a marvelous job. Their task is to keep the flowing blood stream free of an excess of toxic impurities. The act of living—*life itself*—is constantly producing waste matter. Kidneys remove these wastes from the blood to keep health to endure.

When the kidneys fail to function as Nature intended, there is retention of waste that may cause body-wide distress. One may suffer burning backache, persistent headache, attacks of stiffness, getting up nights, swelling, puffiness under the eyes—feet tired, nervous, all the time.

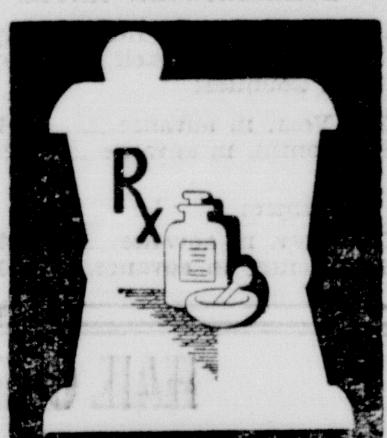

Frequent, scanty or burning passages are sometimes further evidence of kidney or bladder disturbance.

The recognized and proper treatment is a daily medicine to help the kidneys get rid of excess poisonous body waste. Use *Doan's Pills*. They have had more than forty years of public approval. Are endorsed by the country over. Insist on *Doan's*. Sold at all drug stores.

DOAN'S PILLS

Santa Fe Carloadings Up. Santa Fe System carloadings for the week ending October 5, were 25,668 compared with 24,585 for the same week in 1945. Local Santa Fe System officials say cars received from connections totaled 12,936 compared with 11,742 for the same week in 1945.

HAIL OUR LEGION YEAR

Hamlin's American Legion Post, the one organization keeping service men close to their government and close to the projects dearest to their hearts, began a New Year of practical activities Monday evening in a highly encouraging manner. Every citizen of this vicinity admits the Legion needs our unstinted support and backing, so why not let Commander Joe Culbertson and the Legion officers know we are behind them 100 per cent in their endeavor to make this post a community institution?

The American Legion, standing as it does for the highest fidelity to country and democracy, is one of the few national organizations that has not been "smeared" one way or another by politicos. If posts over the country have as competent and capable officers as the Hamlin post, need never worry about American security. Too, the Legion and the Veterans Administration see that our ex-service men, and women, get a square deal and that war-caused disabilities are taken care of in a world where even the well hardly have time to draw very deep breaths.

BLUE RIBBON LIVESTOCK KEEPS WINNING

Recent winnings of Hamlin FFA boys in Jersey shows, especially, brings out a fact The Herald is mighty proud of—livestock in this immediate vicinity are of the best and the blood lines of stock FFA and 4-H Club boys are the stock that are copping the top places in livestock expositions.

Remember back when West Texas was an open frontier, and the Long Horn steer was the symbol of "meat on the hoof" perfection; when the cattle baron cared not for kind or age—just so long as an animal could be driven up the trail to market? That age, happily, is now a memory and even club boys have learned that only profitable animals can remain on farm and ranch. Profitable animals mean that breeding is the foundation of a good dairy, or beef, herd and proper care, with stress on disease-free animals, is the bed-rock foundation of keeping in the livestock business.

TURNIPS AND GREENS KEEP BODY FIT

Hamlin folks, like all true Americans, are not forgetting turnip and green patches this fall, and if there is anything more tempting, more delicious and wholesome than turnips and greens we don't know of it.

Incidentally, an eminent physician, writing recently in our most respected medical journal, pointed out that a major cause of cancer (and on every hand now we hear of cancer and more cancer) was a lack of greens and fresh vegetables in the diet. The physician went on to state that in areas where ample supply of greens and other leafy vegetables is always available cancer is indeed rare.

There is a whole lot more logic behind the statement of turnips and greens, and pot "likker" being healthily than many suspect. Greens, whether mustard, turnip or kale, help purify the blood stream and help the system keep in "balance." Growth of cancer seems more rapid in areas where people stuff on starchy foods, so the "preserved turnips" of even Lil' Abner have a message of health and longer life, if the advice of an outstanding doctor is worth anything.

TAX AGENCIES HAVE MONEY IN THE TILL

Keeping up a commendable and highly appreciated tradition, people of Hamlin and this county are paying state, county and school taxes at a mighty nice clip, as well as city taxes, and since a discount of three per cent is allowed on state and county taxes paid this month, the over-all saving is worth taking advantage of now.

Tax payments over-all have been good here the last three years, evidencing the willingness of people to keep county and state government functioning smoothly when they have the "where with" for tax paying on schedule.

Any county, or school district, with money in the till is still always an aggressive, forward looking county, as is any town or city. We have in America, after all, the best form of government in the world and when people think "tribute" in the form of taxes paid is out-of-line they have but to think of, for example, England where taxes really take one's hat off, the bulge and all the snap out of the pocketbook.

WHAT CONTEMPORARIES ARE SAYING

LET US LIVE IN A HOUSE

As we see it housing is the big problem before the nation today. Now more than ever homes are needed that family life during the difficult readjustment period can be set on a sound basis. It is disappointing that Congress before it adjourned did not leave a definite, clear-cut, workable program that would have provided this national necessity.

A nation with the resources to wage a war that America has, should not be any less resourceful in providing a means whereby its citizens, after the war is won, can secure homes. Our family life is not going to continue to exist under distasteful conditions of inadequate housing and living conditions destructive of the home life to which we, of America, have become accustomed. We have many recovery problems in this country but none of them is more pressing and important to our national welfare than the matter of adequate housing.

It is encouraging to know that Graham has some forward-looking leaders who have taken definite steps to relieve the local housing situation. Workers are busy erecting veterans' housing units now and some relief for acute local housing situation is in the offing. But to hundreds of communities all over the nation no such projects have been secured, and local relief could be on a much larger scale if all available surplus Army and Navy buildings could be salvaged for homes rather than standing to deteriorate before miles of red tape can be overcome.

People of this area who still look to homes as foundation for American happiness and progress might do well to voice their desires for more materials for homes to congressmen and senators who represent them.—The Graham Leader.

Let us labor for the larger comprehension of truth, and that more thorough repudiation of error, which shall make the history of mankind a series of ascending developments.—Horace Mann.

Prosperity is the touchstone of virtue; for it is less difficult to bear misfortunes than to remain uncorrupted by pleasure.—Tacitus.

RESTAURANTS GO TO NEW CEILINGS ALLOWED BY OPA

Effective today (Thursday), Hamlin and Jones County restaurants can make a 15 per cent price increase on meat meals.

This increase in meal prices, although not the biggest boost possible, has been authorized by the Office of Price Administration and is expected to bring needed relief to cafe operators, who have been breaking even—some even incurring slight losses—on meat meals.

Restaurant owners here and elsewhere have complained bitterly that everyone else selling meats—from packers to butchers—had been allowed price increases since meat ceilings were restored after a two-month lapse. Restaurant ceilings generally are the prices of April, 1943.

OPA announces that individual restaurants and other eating places will compute their own ceilings—both on meat meals and those containing items not under price lids such as fish, poultry and dairy products.

Elementary P-TA Will Meet Next October 15

Announcement is made of the meeting Tuesday afternoon, October 15, of the Elementary Parent-Teacher Association in Hamlin High School.

People of Hamlin and all surrounding rural communities are extended a cordial invitation to attend the meeting, at which some important business matters will be transacted.

The Force that
Supports the World's
Biggest Bridge...

OIL-PLATES Your Engine!

In the great San Francisco-Oakland bridge, a tremendous tug-of-war goes on continuously between gravity and molecular attraction. Because the attractive force between the molecules in the cables balances gravity's down-pull the bridge stays up.

Through continuous experiment with the mighty forces of molecular attraction, Conoco scientists are able to produce new and better oils for America's motorists. For instance, by utilizing forces of molecular attraction, a special ingredient of Conoco Nth motor oil is bonded to working surfaces of your engine, so that cylinder walls are OIL-PLATED.

A determinate purpose in life and a steady adhesion to it through all disadvantages, are indispensable conditions of success.—Ponshno.

Paper money issued by the government, against which neither gold nor silver is held in the treasury, is known as Fiat money.

COTTON ADVANCES \$6 A BALE TO ATTAIN NEW HIGH; OTHER PRODUCTS SHOW GAINS

Climbing prices for cotton, poultry and eggs are reflected in the lastest Swing of Southwest Farm Markets, which follows:

Cotton, poultry and eggs continue to bring higher prices, fruits and vegetables peaked in strength, live-stock and most grains except sorghums were steady to strong at southwest markets last week, USDA's Production and Marketing Administration reports.

Cotton advanced about \$6 a bale into new high ground. Nearly all grades found ready buyers. Demand continued stronger with shippers buying current ginnings mainly to fill back orders. Farmers generally sold cotton as fast as they ginned it.

Sales in the 10 spot markets jumped to 200,700 bales last week compared with the 172,500 bales the preceding week and 179,300 a year ago for the same period.

Wheat went up a cent a bushel and rice advanced in line with new ceilings. Corn held steady but barley and oats were below the previous week's close. Sorghums lost a nickel a hundred nearly every day last week. Feed held firm, but good pastures in most southwest areas reduced demand below normal for this season.

Louisiana sweet potatoes gained about 10 to 20 cents a bushel last week over the previous week's close. U. S. No. 1 Porto Ricans sold mostly at \$2.30 to \$2.40 per bushel crate at Louisiana shipping points.

Eggs and poultry continued to advance last week as broad demand accented by the meat shortage quickly cleared light supplies at most southwest markets. Turkeys were firm too with young toms selling mostly at 33 to 35 cents per pound at Fort Worth.

Southwest cattle markets reported slightly heavier receipts last week. Prices held generally steady for light

runs of slaughtered classes, but stockers had a week undertone. Common and medium cows brought \$8.25 to \$11.50, Houston; \$9 to \$11.50, Wichita and \$9 to \$12, Oklahoma City. Common to good cows brought \$10 to \$14, Denver and medium and good grades, \$10.50 to \$13.50, San Antonio. Common and medium steers and yearlings realized \$11.50 to \$14.50, Houston, while medium and good grades brought \$14 to \$18 at Fort Worth.

Standings in Football Squaring Away For Section's Grid Teams

Standings of football team of the area are resolving down to concrete form nowadays. After last week's games, this is the way they look:

Team	W	L	T	Pct.
Throckmorton	3	0	1	.875
Munday	2	0	1	.833
Anson	3	1	0	.750
Hamlin	2	2	0	.500
Stamford	1	1	1	.500
Albany	1	3	0	.250
Haskell	0	3	1	.125

Conference Standings

Team	W	L	T	Pct.
Anson	1	0	0	1.000
Hamlin	1	0	0	1.000
Stamford	1	0	0	1.000
Throckmorton	0	0	1	.500
Munday	0	0	1	.500
Albany	0	1	0	.000
Haskell	0	2	0	.000
Games this week find;				
Anson at Munday				
Throckmorton at Hamlin				
Stamford at Haskell				
Aspermont at Albany (non-conference).

COUNTY INFANTILE PARALYSIS FUNDS IN GOOD CONDITION

Jones County chapter of the National Foundation for Infantile Paralysis is in good financial condition, according to C. W. Bartlett of Anson, county chairman. Funds sufficient to care for ordinary needs of polio cases are on hand he declares.

Bartlett disclosed this week that \$2,492,281 in supplementary aid has been sent so far this year by the national foundation to its chapters in 36 states. This financial assistance was necessary to replenish chapter treasuries depleted in providing treatment and care of infantile paralysis patients stricken this summer and in aiding victims of prior outbreaks.

Bartlett made this disclosure following receipt of a statement from Basil O'Connor, president of the national foundation, which re-emphasized the fundamental policy followed by the foundation and its chapters in providing for care and treatment of infantile paralysis victims.

O'Connor's statement said: "The National Foundation for Infantile Paralysis has accepted a trust through the annual March of Dimes. The voluntary contributions of the American people to this annual appeal in January is their insurance that no infantile paralysis patient need go without the best medical care and treatment regardless of age, creed or color.

"It has always been the policy of the national foundation to aid any person stricken by the disease where the financial burden would otherwise lower his or his family's standard of living.

"Such aid covers transportation of the patient to and from hospitals and clinics; payment of hospitalization, medical care and treatment until maximum recovery is achieved, the defraying of nursing and physical therapy charges, and costs of orthopedic surgery as well as provision of such special appliances as may be indicated.

"Resources necessary for this tremendous task are available. They were donated by some 50,000,000 Americans who realized that costs involved in the care and treatment of this disease, one of the most expensive known to medicine, are far beyond average family means.

"Through pooling dimes the nation has established a voluntary non-profit organization to take care of anyone stricken by polio. I want to assure every family in this country that if polio should strike, local chapters of the National Foundation of Infantile Paralysis serving every county in the nation are ready and able to provide every possible facility until maximum recovery is assured."

Handicapped Veterans To Be Placed by USES

The handicapped worker in Jones or any other county will find there are few jobs which he or she cannot fill.

So says Clay Beaver of the Stamford U. S. Employment Service office.

Period of October 6 through October has been set aside, Hamlinites are reminded, as National Employ the Physically Handicapped Week.

Many veterans have returned with service-connected disabilities. These and other handicapped workers deserve opportunity to prove their ability to work. Employers are urged to list jobs with the Stamford USES office, 125 North Swenson, so handicapped vets and others may find employment.

STATEMENT OF OWNERSHIP, MANAGEMENT, CIRCULATION, ETC., REQUIRED BY ACTS OF CONGRESS OF AUGUST 24, 1912, and MARCH 3, 1933

of The Hamlin Herald, published weekly at Hamlin, Texas, for October 1, 1946.

State of Texas, County of Jones:

Before me, a notary public in and for the state and county aforesaid, personally appeared Willard Jones, who, having been duly sworn according to law, deposes and says that he is the publisher of The Hamlin Herald, and that the following is, to the best of his knowledge and belief, a true statement of the ownership, management, etc. of the aforesaid publication for the date shown in the above caption, required by the act of August 24, 1912, as amended by the act of March 3, 1933, embodied in Section 537, Postal Laws and Regulations, printed on the reverse of this form to-wit:

1.—That the names and addresses of the publisher, editor, managing editor and business managers are: Publisher, editor, managing editor, business manager, Willard Jones, Hamlin, Texas.

2.—That the owners are: H. G. Lackey, Houston, Texas, and Willard Jones, Hamlin, Texas.

3.—That the known bondholders, mortgagees and other security holders owning or holding one per cent or more of total amount of bonds, mortgages or other securities are: Bowen Pope, Hamlin, Texas.

4.—That the two paragraphs next above, giving the names of the owners, stockholders and security holders, if any, contain not only the list of stockholders and security holders as they appear upon the books of the company, but also, in cases where the stockholder or security holder appears upon the books of the company as trustee or in any other fiduciary relation, the name of the person or corporation for whom such trustee is acting; is given; also that the said two paragraphs contain statements embracing affiant's full knowledge and belief as to the circumstances and conditions under which stockholders and security holders who do not appear upon the books of the company as trustees, hold stock and securities in a capacity other than that of bona fide owner; and this affiant has no reason to believe that any other person, association or corporation has any interest direct or indirect in the said stock, bonds or other securities than as so stated by him.

5.—That the average number of copies of this publication sold or distributed, through the mails or otherwise, to paid subscribers during the 12 months preceding the date shown above is 1,580—Willard Jones, Publisher.

Sworn to and subscribed before me this 30th day of September, 1946.

Faye Dean, Notary Public.

GEORGE F. LOVING DIES SATURDAY OF HEART ATTACKS

George Flint (Uncle George) Loving, 74, retired rancher who is well known in this area, died at 7:00 o'clock Saturday evening en route to the Callan Hospital at Rotan.

"Uncle George" had ridden the range all day Saturday with his son, Don Loving, on the Martin Ranch. When he went to the house about 4:00 o'clock Saturday afternoon, he was stricken with a heart attack.

The retired rancher was pronounced dead upon arrival at the Callan Hospital in Rotan after suffering a second heart attack.

Born at Weatherford December 5, 1871, Mr. Loving came to Fisher County as a cowpuncher when 20 years old. He lived in Fisher County 55 years. Mr. Loving bought ranch holdings in Kent and Fisher Counties—which he sold several years ago and moved into town.

Funeral services for the beloved pioneer were held Sunday afternoon, 4:00 o'clock, at Rotan's First Baptist Church. Rev. J. C. Parks, retired Baptist preacher, assisted by Rev. O. T. Brown, Rotan pastor, officiated.

Pallbearers were Ira Branch, Jack Wilhite, Alton Parker, Mark Strickland, R. L. Springer and Parker Kennedy.

Hamlin area pioneer settlers recall well that Mr. Loving was married to the former Clara Smith of Rotan in 1892. He joined the Dowell Baptist Church at the age of 28.

Mr. Loving is survived by the widow; one son, Don Loving of Martin Ranch; a daughter, Mrs. Bettie Seaton of Rotan; three grandchildren, Charles Swan of Chicago, Donald Loving of San Antonio, and Mrs. Pat Marlow of Hamlin; and one great-grandchild, Don Marlow Jr.

Funeral arrangements were directed by McCombs & Cate Funeral Home, and Mr. Loving was laid to rest in Rotan Cemetery.

Interest from the Laity.

"My man" she said, "can you tell me whether this is a female hippopotamus or a male hippopotamus?"

Then the worm turned. The keeper eyed the lady coldly. His tone was metallic.

"Madam," he said, "I don't see how that could interest anyone but a hippopotamus."

Farmers Urged to Turn In Scrap Iron Surplus

Farmers of the Hamlin vicinity and Jones County are being urged by the U. S. Department of Agriculture to comb scrap piles and sell all available iron they can collect.

Appeal to the farmers is in answer to statement from reliable sources that steel production might drop sharply from present 90 per cent capacity rate unless more scrap is available.

All scrap gathered will be utilized in equal amounts with pig iron to supply most of the country's normal production of steel ingots. The government salvage program is so drastic it includes scrapping of 280 obsolete ships.

Mattie Coburn of Abilene will arrive Friday to spend the week-end with her mother, Mrs. Gus Travis, the past three weeks.

ACCEPTABLE WORSHIP

The worship of God must be in spirit and in truth. 1 Corinthians 14:15 Paul said, "I will pray with the spirit, and I will pray with the understanding also; I will sing with the spirit and I will sing with the understanding also."

Thus he would have us put our heart and soul into the worship at every opportunity. Jesus said in John 4 that worship must be in spirit and in truth. In John 17 Christ made the statement that the word of the Lord was truth. Thus to worship in spirit and in truth will of necessity be to worship according to the word of the Lord, nothing more or nothing less.

The word of the Lord presents five things to be done in church worship on the Lord's day. Teaching (1 Corinthians 14:6, 19); praying (Ephesians 6:18 and I Timothy 2:8); singing (Ephesians 5:19; Colossians 3:16); eating the Lord's supper (Acts 20:7; 1 Corinthians 10:16; 11:17-34), and giving (1 Corinthians 16:1-2). When these are done we have done the worship that God commands. Why go beyond what is commanded? Why leave off anything that God has commanded? —J. C. Scott, Minister, Church of Christ.

(To be continued) (Paid adv.)

W. L. Boyd Bags Bear.

Mrs. W. L. Boyd was advised by letter Wednesday that her husband, who is on a hunting trip in Northern New Mexico, had bagged a big bear. J. S. Dickey, who accompanied Boyd from Hamlin, had not killed an animal, but they were still trying.

Mr. and Mrs. Tom Evans returned home Sunday after visiting with their daughter, Mrs. Gus Travis, the past three weeks.

REDDY KILOWATT'S five year war record stands out as one of the great industrial achievements of all time. During this period, more than eleven million kilowatts of generating machinery were installed and \$3,000,000,000 was spent for power stations, transmission lines and other facilities.

A total of 300,000,000,000 kilowatt hours of electric power was generated for war purposes, of which the business-managed, tax-paying electric companies supplied 83 1/3 per cent.

Revenue from the sale of power generated for war purposes amounted to \$2,350,000,000 and almost the same amount, \$2,194,000,000 was paid in direct federal taxes.

Oh, yes! During this five year period, price of electric services by business-managed electric companies was reduced by 11 per cent.

That's freedom of enterprise at work when all the cards are down.

Milton C. Bessire on Way Home from Stay In Pacific Island Base

There was a lot of sunshine this week for Mrs. Aileen Bessire and son, Ronald, of Route 5, Abilene, when they learned their husband and father, Captain Milton C. Bessire of Hamlin, had been processed at the Replacement Command Disposition Center near Manila, Philippines Islands, for return to the United States and release from service.

Captain Bessire, son of Mr. and Mrs. R. E. Bessire of Route 2, Hamlin, entered the Army in January, 1945. Bessire arrived overseas on Leyte in September, 1945, to serve with the 4th General Hospital near Manila.

Army headquarters at Paranaque, Luzon, Philippine Islands, reports Captain Bessire wears the Asiatic-Pacific Theater Ribbon, American Theater Ribbon, Philippine Independence Ribbon and the World War II Victory Medal Ribbon.

PRINTING ERROR ON SUGAR STAMP 51 CREATES RUMPUTS

Dozens of people in the Hamlin area and over West Texas seeking to trade in sugar stamp No. 51 have run up against a stamp OPA has to take the blame for.

Through a printing error, many of the No. 51 spare stamps bear only the numeral 5.

The books, it seems, were distributed in West Texas before Office of Price Administration officials realized the printing error. The stamp for the precious commodity—sugar—became valid September 1, No expiration date has been announced.

An OPA official informs The Herald that printing of the nation's ration books was farmed out, and it just so happens that the error went out in books distributed here and elsewhere over West Texas.

Any ration book holder whose spare stamp No. 51 turned out to be a non-valid piece of paper should send the book, together with the faulty stamp, and application for a new book to OPA officials.

Hitch in the present sugar stamp setup is that the Office of Price Administration cannot allow stores to honor the faulty No. 5 stamp because there is another No. 5 regular stamp in the book which will not be utilized for sugar—but which would leave a loophole for misrepresentation.

Camp Fire Girls to Attend Stamford Meet

All Hamlin Camp Fire Girls are urged to attend a special gathering of Jones County Camp Fire Girls that will be held Sunday afternoon, October 20, beginning at 4:00 o'clock at St. Paul's Methodist Church.

Advancements will be presented at the October 20 conclave and each Camp Fire Girl is asked to take a gift to be sent to Camp Fire Girls overseas. Each gift should have the girl's name and address attached, and something about the girl's age and town in each parcel.

Hamlin, with approximately 100 Camp Fire Girls, is slated to send a large delegation to the Stamford gathering.

Bluebirds constitute the small girls' group in Hamlin; Camp Fire Girls the middle group; and the seniors are in the Horizon unit.

All age group girls are invited to Stamford October 20, whether they are coming up for advancements or not.

Zelma Cohorn, who entered a Stamford hospital Saturday for a floor operation, returned home Monday afternoon. She is reported to be progressing nicely.

HAMLIN CHAPTER No.

POT-SHOTS FROM McCAULLEY

BY GEO DARDEN

They do it again. Yes, McCaulley High football team defeated Sylvester last Thursday night by score of 37 to 19. The game was played under the lights on the Roby gridiron. A large crowd from McCaulley Sylvester and Roby witnessed the game. Russell Kidd, captain of the McCaulley Eagles made the first touchdown running through all the Sylvester team like a tornado. McCaulley's team work for the most part was perfect, good blocking as well as end runs, passing and through the line plays. Sylvester scored late in the third quarter from a long pass, Montgomery carrying the ball over. Late in the fourth quarter as McCaulley was leading by a score of 37 to 6 Coach Wayne Webb pulled the entire first string and sent in his substitutes, all freshmen and "midgets" for the most part and playing their first year. Two of the backfield, Ray Lawlis and George Darden Jr. weighing less than 70 pounds. Sylvester made two touchdowns on the "mighty mites" but the little fellows displayed plenty of fight and good coaching. The home town fans went wild when the freshmen replaced the first string and though they failed to score against Sylvester they got plenty of cheers from the side lines and it was a game that they all will remember—their first real game to play in. Hooper Sheton, owner of Roby Star-Record, with his brand new camera made flash pictures of the game and many of the shots will no doubt appear in this year's annual.

Mrs. Jack White and daughters of Hamlin visited Mr. and Mrs. Jack Griffith Sunday. Also visiting in the Griffith home was their daughter Sybil Stevenson from Rotan, Mr. and Mrs. Gerry Wells and daughters from Hamlin and Mr. Griffith's sister and husband from Roby.

Mr. and Mrs. C. E. Dick Jr. from Crosbyton visited last week in the

HERALD SELECTED
FOR NEW PHILLIPS
ADVERTISING DRIVE

Farmer's Cooperative Station, Hamlin distributor of Phillips 66 products, said today that Phillips Petroleum Company has expanded its advertising program to a point where it now includes approximately 1,000 newspapers throughout the Middle West. The Herald has been included in the Phillips campaign.

During the past year Phillips has added a number of general merchandise items to the conventional petroleum products sold through dealer stations. Household appliances such as refrigerators, radios and washing machines, hardware items, fishing tackle and sporting goods and stock remedies are among the products now being merchandised by the company.

Until the time when the manufacturers of these items are able to fulfill the demands of all dealers, Phillips newspaper advertising will continue to feature gasoline and motor oil, the company's principal products, the local distributor says.

Massey-Harris Tractor
Seat Gives Soft Riding

Back breaking and aching jolts and jars have been taken out of farm tractor driving by Massey-Harris, reports Excell Williams, Hamlin Massey-Harris tractor dealer.

The new "velvet ride" Massey-Harris tractor combines the shock absorbing and stabilizing effects of a double-action shock absorber, Williams states. The hydraulic shock absorber cushions the up and down action of the coil spring while the pivot and stabilizer bar control side sway.

Massey-Harris is reportedly the first large tractor maker to provide passenger car driving comfort for the average farmer, who spends an estimated 865 hours a year on a tractor.

Complete information on the new Massey-Harris tractors can be obtained from Williams.

Bonnie LaRhe Black left Tuesday for Junction City, Kansas, to visit until Christmas with Captain and Mrs. J. C. Lewis.

Mr. and Mrs. A. R. Hamlin and Mr. and Mrs. E. W. Erckert are in Dallas this week attending the State Fair of Texas.

PIPER'S DRUB SPUR
26-7 FRIDAY NIGHT
IN THIRD GRID TILT

With a tremendous burst of power in the last half, the Hamlin Pied Pipers trounced the Spur Bulldogs, 26-7 last Friday night at Bulldog field. The Pipers, playing heads up ball all the way, are beginning to be noticed in this district and are showing everyone that they are out to make a bid for the district crown.

Brad Rowland, steller back from Hamlin, again made himself outstanding for the home team by running over two of the counters and passing another to Doyle Dean, who played a great game with his running, blocking and pass receiving. Billy Jack Owens, right half-back for the Pipers, ran over the final tally after the ball had been advanced to the 15-yard line.

Outstanding in the line for the Hamlin squad, were Sedberry, Weir, Crowley and Riley, who intercepted a Bulldog pass to set up the first Hamlin touchdown.

Hamlin Recruits Count
In Over-Quota Record

Several Hamlin area recruits for the Army were included in the 76 men reported by the Abilene Recruiting office for the month of September.

Captain Wayne Hall, commanding officer of the Abilene Army Recruiting Office, has announced that the Abilene area, composed of Taylor, Jones, Haskell, Nolan, Fisher and Stonewall Counties, has surpassed the quota assigned it by headquarters in Dallas by enlisting 76 men in the new regular Army for the month of September. Captain Hall also revealed that the Abilene main station was the only station in the Dallas district to meet the quota set by headquarters.

Mr. and Mrs. Bill Harbert of Abilene were Sunday visitors here.
